# INCLUSIONARY HOUSING SUMMARY

Name of Development	_____
Date Submitted:	_____
Prepared by:	_____

## Background:

St. Charles Municipal Code Title 19 “Inclusionary Housing”, requires developers of new residential developments to provide a proportionate share of affordable housing units within the development, or to pay a fee in-lieu of providing affordable housing units. Developers may also provide a mix of affordable housing units and fee in-lieu.

Affordable housing is defined as housing that has a sales price or rental amount that is within the means of a household with income at or below 80% Area Median Income (AMI) for for-sale units and at or below 60% AMI for rental units, adjusted for household size. See Title 19 for complete definitions.

The maximum price of affordable for-sale units and affordable rental units required by Title 19 shall be no greater than the affordable purchase price and affordable rent established annually by the Illinois Housing Development Authority (IHDA). Contact the Planning Division for the most recent affordable prices from IHDA.

## Submission Requirements:

Submit information describing how the residential development will comply with the requirements of Title 19, “Inclusionary Housing”. **Use this worksheet** to calculate the number of required affordable units to be incorporated within the residential development, or the required fee in-lieu payment.

If the development will include affordable units, submit the following additional information:

- The number of market-rate and affordable for-sale and rental units to be constructed, including type of dwelling, number of bedrooms per unit, proposed pricing, and construction schedule, including anticipated timing of issuance of building permits and occupancy certificates.
- Documentation and plans regarding locations of affordable units and market-rate units, and their exterior appearance, materials, and finishes.

## Affordable Unit Requirement Calculation

Unit Count Range	# of Units Proposed in Development		% of Affordable Units Required		# of Affordable Units Required
