Executive Summary:

The subject property is Lot 3 of the Buona St. Charles Subdivision, which is the vacant lot directly west of Buona Beef, 2425 W. Main St.

Car Wash Development LLC, applicant and contract purchaser, is proposing to develop a car wash on the property called Wash-U. The proposal includes the following:

- A 4,525 sf building for an automatic car wash with a single service bay.
- Car wash stacking spaces for 30 vehicles along the west side of the building with the service bay on the south side.
- Relocation of the Rt. 64 access point approx. 30 ft. west, per the approved Buona St. Charles Plat of Subdivision.

Special Use approval is required to permit a Car Wash in the BC Community Business zoning district.

Note that the scope of a Special Use review is limited to assessing whether the proposed land use at the site, based on the site plan and supplementary information submitted, meets the list of Findings of Fact for Special Use (as listed in the attached Plan Commission resolution).

Plan Commission Review

The Plan Commission held a public hearing on the Special Use on 8/2/16. The Commission voted 6-1 to recommend approval of the Special Use.

City of St. Charles, Illinois
Plan Commission Resolution No. 11-2016

**A Resolution Recommending Approval of Applications for Special Use for
Wash-U Car Wash, Lot 3 Buona St. Charles Subdivision (Car Wash
Development, LLC)**

Passed by Plan Commission August 2, 2016

WHEREAS, it is the responsibility of the St. Charles Plan Commission to hold public hearings and review requests for Special Use; and

WHEREAS, the Plan Commission held a public hearing and has reviewed the Application for Special Use for Wash-U Car Wash, Lot 3 Buona St. Charles Subdivision (Car Wash Development, LLC) and;

WHEREAS, the Plan Commission adopts the following Findings of Fact for Special Use in accordance Section 17.04.330.C of the Zoning Ordinance:

FINDINGS OF FACT FOR SPECIAL USE

A. Public Convenience: The Special Use will serve the public convenience at the proposed location.

The development of a highly efficient and environmentally sensitive car wash facility which serves the western side of the market and employs local labor will benefit the community. The facility is constructed of first class materials and incorporates some of the most advanced technology in the industry.

B. Sufficient Infrastructure: That adequate utilities, access roads, drainage and/or necessary facilities have been, or are being, provided.

The site will be fully served by all utilities present at the site and in ROW on the south side of Main St. Utilities have been established at site by developer in 2015 when developing adjacent parcel-Buona Beef.

C. Effect on Nearby Property: That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish or impair property values within the neighborhood.

They physical property characteristics will allow for onsite queuing of vehicles that is well in excess of code requirements and will fully serve traffic flow. Exterior noise is minimized by use of the quietest vacuum system in the industry. The facility is a “manned” facility with employees on site during all business hours, contemplated as 7am to 8pm, 7 days a week.

Resolution 11-2016

D. Effect on Development of Surrounding Property: That the establishment of the Special Use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

The site was created as a business development parcel; the use/development of a carwash will complete the redevelopment of a previously used commercial site.

E. Effect on General Welfare: That the establishment, maintenance or operation of the Special Use will not be detrimental to or endanger the public health, safety, comfort or general welfare.

The property and operation are in a business commercial district and generally follow hours of operation of surrounding businesses. The facility will self-contain customers a queuing without creating “backups” into roadways and without creating excessive noise or odor.

F. Conformance with Codes: That the proposed Special Use conforms to all existing Federal, State and local legislation and regulation and meets or exceeds all applicable provisions of this Title, except as may be varied pursuant to a Special Use for Planned Unit Development.

The Special Use will fully conform with all zoning regulations in the BC zoning district, as well as all applicable federal, state and local legislation.

NOW, THEREFORE, be it resolved by the St. Charles Plan Commission to recommend to City Council approval of a Special Use for Wash-U Car Wash, Lot 3 Buona St. Charles Subdivision (Car Wash Development LLC) subject to resolution of all staff comments prior to City Council action.

Roll Call Vote:

Ayes: Kessler, Pretz, Spruth, Holderfield, Schuetz, Wallace

II. BACKGROUND

A. PROPERTY HISTORY

The subject property is the vacant lot directly west of Buona Beef at 2425 W. Main St. The property was formerly part of the Deck Yard business. In 2014 under Ordinance No. 2014-Z-15, the City approved the Buona St. Charles Subdivision which resubdivided the Deck Yard property into three lots: Lot 1 for the Rental Max property, Lot 2 for Buona Beef, and Lot 3 for a future commercial use.

Also approved under Ordinance No. 2014-Z-15 was a Special Use for a drive-through restaurant for the Buona Beef on Lot 2 and a drive-through facility for an unidentified restaurant user on Lot 3. The site plan associated with the Special Use approval showed a two-unit, 7,000 sf building on Lot 3 with the restaurant drive-through along the east side of the building.

Development of the Buona Beef lot (Lot 2) was completed in 2015. Lot 3 remains undeveloped.

B. PROPOSAL

Car Wash Development LLC, applicant, is under contract to purchase Lot 3. They are proposing to develop a car wash on the property called Wash-U. The proposal includes the following:

- A 4,525 sf building for an automatic car wash with a single service bay.
- Car wash stacking spaces for 30 vehicles along the west side of the building with the service bay on the south side.
- 12 vacuum stations.
- Relocation of the Rt. 64 access point approx. 30 ft. west, per the approved Buona St. Charles Plat of Subdivision.
- Removal of 12 existing parking spaces along the east property line.

II. ANALYSIS

Staff has performed an analysis of the Special Use for Car Wash application materials and site plan for conformance with all relevant zoning requirements:

A. LAND USE

The property is zoned BC Community Business District. A Car Wash is a Special Use in the BC district, meaning that the use may be acceptable if established in an appropriate manner and location with the zoning district.

B. CAR WASH STANDARDS

The table below compares the proposal with the requirements of **Section 17.24.100 Drive-Through Facilities**. The proposal conforms to all requirements.

	Zoning Ordinance Standard	Proposed
Stacking Spaces (Automatic Car Wash)	10 per bay	30 (13 if in a single line)
Stacking Space Size	9' x 20'	9' x 20'

Screening	Concealed from view from public streets to greatest extent possible	Concealed due to location at the interior side (west) and rear of the building
Obstruction of Required Spaces	Cannot obstruct access to required parking spaces	Will not obstruct access to required parking spaces
Ingress/Egress Obstruction	Location of stacking spaces cannot obstruct ingress/egress to the site or interfere with vehicle circulation	Ingress/egress will not be obstructed and stacking will not interfere with vehicle circulation

C. ZONING STANDARDS

The table below compares the proposed site plan with the bulk requirements of the BC Community Business district per **Table 17.14-2 Business and Mixed Use Districts Bulk Regulations**. The proposal meets all applicable requirements.

	BC District	Proposed
Min. Lot Area	1 acre	1.080 acre
Building Setbacks:		
<i>Front</i>	20 ft.	68 ft.
<i>Side</i>	10 ft.	90 ft. (west); 64'6" (east)
<i>Rear</i>	30 ft.	40'9"
Parking/Paving Setbacks:		
<i>Front</i>	20 ft.	20 ft.
<i>Interior Side</i>	0 ft.	10'8" (west); 11'3" (east)
<i>Rear</i>	0 ft.	3 ft.
Max. Building Gross Floor Area	75,000 sf	4,525 sf
Max. Building Coverage	40%	9.6%
Max. Building Height	40 ft.	30 ft.
Parking Stall Size	9 x 18 ft. (9 x 16 with 2 ft. overhang where stalls abut green space)	9 x 16 ft. with 2 ft. overhang
Drive-Aisle Width	24 ft.	24 ft.
Parking/Stacking Requirement	2 parking spaces 10 stacking spaces	13 parking spaces* 30 stacking spaces (13 if in a single line)

*There are 12 existing parking spaces along the east property line that were constructed when the Buona Beef lot was developed. These spaces were shown as part of the site plan approved for the Drive-Through Facility on the subject property and were required to meet the parking requirement for the restaurant/retail uses anticipated for the site. However, these 12 spaces are not needed for the Car Wash due to a much lower parking requirement for this use. The Buona Beef lot has a sufficient number of parking spaces to meet the requirement for that property.

D. LANDSCAPING

The site plan indicates that all landscaping requirements of **Ch. 17.26 Landscaping and Screening** will be met, including overall percentage of the site devoted to landscaping, building foundation

landscaping, street frontage landscaping, and parking lot screening. A landscape plan specifying the types and sizes of plantings will be reviewed at the time of building permit.

E. BUILDING ELEVATIONS

Building elevations will be reviewed at the time of building permit. The building will be subject to the design standards included in **Ch. 17.06 Design Review Standards and Guidelines**.

IV. PLAN COMMISSION RECOMMENDATION

The Plan Commission held a public hearing on the Special Use on 8/2/16. The Commission voted 6-1 to recommend approval of the Special Use.

Staff has found the application materials to be complete. Upon resolution of outstanding staff comments, the proposal has the ability to meet City Code requirements.

FINDINGS OF FACT – SPECIAL USE

Use this form for all Special Uses, except for PUDs or PUD Amendments

The St. Charles Zoning Ordinance requires the Plan Commission to consider the factors listed below in making a recommendation to the City Council.

As the applicant, the “burden of proof” is on you to show how your proposed Special Use will comply with each of the applicable standards. Therefore, you need to “make your case” by explaining specifically how your project meets each of the following standards.

Car Wash Lot 3 2425 W. Main St.
Project Name or Address

6-22-16
Date

From the Charles Zoning Ordinance, Section 17.04.430.C.2:

No Special Use or amendment to Special Use shall be recommended by the Plan Commission unless it finds that the proposed Special Use or amendment to Special Use will conform with each of these standards. The Plan Commission shall submit its written findings together with its recommendations to the City Council after the conclusion of the Public Hearing, and also may recommend such conditions as it may deem necessary to ensure conformance with these standards.

On the basis of the evidence presented at the public hearing, the Plan Commission shall record its reasons for recommending approval or denial of the petition (findings of fact) in accordance with the following standards:

A. Public Convenience: The Special Use will serve the public convenience at the proposed location.

The development of a highly efficient and environmentally sensitive car wash facility which serves the western side of the market and employs local labor will benefit the community. The facility is constructed of first class materials and incorporates some of the most advanced technology in the industry.

B. Sufficient Infrastructure: That adequate utilities, access roads, drainage and/or necessary facilities have been, or are being, provided.

The site will be fully served by all utilities present at the site and in ROW on the south side of Main St. Utilities have been established at site by Developer in 2015 when developing adjacent parcel - Buona Beech.

C. Effect on Nearby Property: That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish or impair property values within the neighborhood.

The physical property characteristics will allow for onsite queuing of vehicles that is well in excess of code requirements, and will fully serve traffic flow. Exterior noise is minimized by use of the quietest vacuum system in the industry. The facility is a "manned" facility with employees on site during all business hours, contemplated as 7 AM to 8 PM 7 days week.

- D. **Effect on Development of Surrounding Property:** That the establishment of the Special Use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

The site was created as a business development parcel the use/development of a carwash will complete the redevelopment of a previously used commercial site.

- E. **Effect on General Welfare:** That the establishment, maintenance or operation of the Special Use will not be detrimental to or endanger the public health, safety, comfort or general welfare.

The property & operation are in a business commercial district and generally follow hours of operation of surrounding businesses. The facility will self contain customers & queuing without creating "back ups" into roadways and without creating excessive noise or odor.

- F. **Conformance with Codes:** That the proposed Special Use conforms to all existing Federal, State and local legislation and regulation and meets or exceeds all applicable provisions of this Title, except as may be varied pursuant to a Special Use for Planned Unit Development.

The special use will fully conform with all zoning regulations in the BC Zoning District, as well as all applicable Federal, State and local legislation.
