**Executive Summary:**

The Existing Conditions report has been posted on the project website. Resident and business questionnaires and the interactive mapping tool remain available on the website.

The consultant is currently compiling all of the findings from the Existing Conditions Report, the community vision obtained from the Vision Workshop, and other community information sources such as the mapping tool and the online surveys in order to create a Vision, Goals, and Objectives document in order to guide the remainder of the planning process.

Starting in January, the consult will begin developing plans and development guidelines for the four Key Focus Areas (East Gateway/Charlestowne Mall area, West Gateway/Randall Road/former St. Charles Mall area, Downtown, and the Main Street Corridor). The focus area plans will be reviewed by the Task Force and at open houses in early March/April 2012.
