

## Proposed addition to St. Charles ordinance Chapter 12.20 Trees and Shrubs

### 12.20.90 proposed

The Public Works Department shall conduct onsite inspections of a minimum of 20 % of all trees on City property and Rights of Way each year. The findings shall be submitted to the Mayor, City Council and Tree Commission. The inspection report shall note the health and the trees performance in keeping with the Forestry Plan. The inspections shall be conducted by a qualified Arborist as defined by I.S.A. The Arborist shall make detailed notes of conditions and make recommendations of appropriate actions when required the the Public Works Director or his/her designate.
