	Government Operations	X	Government Services 04.28.14
	Planning & Development		City Council
	Public Hearing		

Estimated Cost:	\$60,000	Budgeted:	YES	X	NO	
-----------------	----------	-----------	-----	---	----	--

If NO, please explain how item will be funded:

**Executive Summary:**

Fasteners and bolts installed on water mains, along with valves and hydrants experience corrosion, which may cause failures of the distribution system and emergency disruption of service to customers. Water Division staff does not replace these bolts in house due to time constraints and therefore utilizes an outside contractor.

Staff went out to bid for the service which is summarized in the attached table. P&M Sewer & Water is the lowest bid for the various services listed by item.

**Attachments:** *(please list)*

Bid Summary

**Recommendation / Suggested Action** *(briefly explain):*

Recommendation to award bid to P&M Sewer & Water for Annual Bolt Replacement Program for Fiscal Year 2014/2015.
