CREDITS

The Comprehensive Plan Task Force for the 1996 Comprehensive Plan Update included the members of the Plan Commission and the Planning and Development Committee of the City Council. This Comprehensive Plan would not have been possible without the assistance of the St. Charles Park District, Community Unit School District 303, the Kane County Development Department, Kane County Division of Highways, and City staff. Most of all, we appreciate the participation by the citizens of St. Charles.

The principal author of the 1990 Comprehensive Plan was Sam Santell, (former) Community Planner. Principal authors of the 1996 Update are Bob Hupp, Director of Planning and Development, and Therese A. Berkhout, Robert H. Anderson & Associates, Inc.
