

Response to Questions

LED COBRAHEAD LIGHTS #1024

- 1) **REQUEST:** We are submitting the above document for the approval of our product for BID# 1024... ; As requested for consideration submission, we would like to submit our equal product for this bid...; Attached you will find the alternate streetlight product information that we are proposing for RFQ #1024...

ANSWER: The City is open to alternative suppliers that meet the same general specifications. Based on the volume of firms requesting consideration of their product, the city is unable to provide a list of additional pre-approved equals. The city will review alternate products based on competitive pricing. All cut sheets should be submitted with the required documentation. IES files should be readily available for consideration.

- Critical components include a variable voltage driver from 120V to 277V; and Type 2, Type 2R, and Type 3 photometrics.
