ADDENDUM #2 – Tuesday, June 12, 2018

During the non-mandatory pre-bid meeting on Tuesday, June 5, 2018, it was discovered that the KW rating for Renaux Manor generator, located at 3368 St Michael Ct, is incorrectly listed at 375KW on the “City Generator List” when it is only 35KW.

This addendum must be included with the submitted proposal.
