Naperville, Illinois 60563

Certified Public Accountants & Advisors
Members of American Institute of Certified Public Accountants

The Honorable Mayor
Members of the City Council
City of St. Charles, Illinois

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of St. Charles, Illinois (the City) as of and for the year ended April 30, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify and deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis.

This communication is intended solely for the information and use of management, the Mayor, the City Council, and others within the City of St. Charles and is not intended to be, and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script, appearing to read 'M. J. P.' or similar.

Naperville, Illinois
September 9, 2015

OTHER COMMENTS

1. Future Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued a number of pronouncements that may affect the City in the future:

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* and Statement No. 50, *Pension Disclosures*, as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. Statement No. 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI). Statement No. 68 is applicable for the fiscal year ending April 30, 2016.

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, addresses an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. Statement No. 71 is applicable for the fiscal year ending April 30, 2016.

GASB Statement No. 72, *Fair Value Measurement and Application*, addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. Statement No. 72 is applicable for the fiscal year ending April 30, 2017.

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, establishes requirements for those pensions and pension plans that are not administered through a trust meeting specified criteria. The provisions in Statement No. 73 are effective for fiscal years beginning after June 15, 2015—except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement No. 68, which are effective for financial statements for fiscal year ending April 30, 2017.

OTHER COMMENTS

1. Future Accounting Pronouncements

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, addresses reporting by OPEB plans that administer benefits on behalf of governments and replaces GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. Statement No. 74 addresses the financial reports of defined benefit OPEB plans that are administered through trusts that meet specified criteria. The statement builds upon the existing framework for financial reports of defined benefit OPEB plans, which includes a statement of fiduciary net position (the amount held in a trust for paying retirement benefits) and a statement of changes in fiduciary net position. Statement No. 74 enhances note disclosures and RSI for both defined benefit and defined contribution OPEB plans. Statement No. 74 also requires the presentation of new information about annual money-weighted rates of return in the notes to the financial statements and in 10-year RSI schedules. The provisions in Statement No. 74 are effective for OPEB plan or sponsoring employer financial statements for the fiscal year ending April 30, 2018.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, addresses reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments and replaces the requirements of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as they relate to governments that provide benefits through OPEB plans administered as trusts or similar arrangements that meet certain criteria. Statement No. 75 requires governments providing defined benefit OPEB to recognize their long-term obligation for OPEB as a liability for the first time, and to more comprehensively and comparably measure the annual costs of OPEB benefits. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI). The provisions in Statement No.75 are effective for the fiscal year ending April 30, 2019.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, reduces the generally accepted accounting principles (GAAP) hierarchy to two categories of authoritative GAAP: officially established accounting principles - GASB Statements (Category A) and GASB Technical Bulletins; GASB Implementation Guides; and literature of the American Institute of Certified Public Accountants cleared by the GASB (Category B). Statement No. 76 also addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. Statement No. 76 is applicable for fiscal years ending April 30, 2017. Earlier application is permitted.

GASB Statement No. 77, *Tax Abatement Disclosures*, requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and reduce the reporting government's tax revenues. The requirements of this statement are effective for financial statements for the fiscal year ending April 30, 2017.
