Home occupations.

A. Home Occupations (See also definition in Chapter 17.30)

Home occupations are permitted in any dwelling unit. The purpose of home occupation standards is to allow home occupations to be conducted in a manner which is compatible with the neighborhoods in which they are located and which do not interfere with the rights of the surrounding property owners to enjoy the residential character of the neighborhood. Home occupations shall conform to the following standards, which are intended to preserve the residential character of neighborhoods:

1. The home occupation shall be incidental to the residential use of the dwelling unit.
2. A home occupation shall not be established prior to the member(s) of the family conducting the home occupation taking possession of, and residing in, the dwelling unit.
3. The home occupation shall be conducted entirely within the dwelling unit and shall be limited to the lesser of five hundred (500) square feet or twenty-five (25%) percent of the gross floor area of the dwelling unit, including any basement and attached garage.
4. Only one person who does not reside on the premises may be employed to work at the home occupation, with the exception that day care homes may have more than one (1) non-resident employee, to the extent required by State of Illinois licensing requirements.
5. Exterior building signs shall be permitted only as authorized by the sign regulations for the district.
6. No exterior storage or display of business equipment, materials, merchandise, inventory or heavy equipment shall be permitted.
7. A home occupation shall not generate noise, vibration, glare, fumes, odors or electrical interference discernable at the property line.
8. The home occupation shall not generate vehicular or pedestrian customer traffic between the hours of 9:00 pm and 8:00 am.
9. The receipt or delivery of merchandise, goods, or supplies for use in a home occupation shall be limited to the US Postal Service, similar parcel delivery service, or private passenger automobile.

10. The use of an accessory building for a home occupation shall be permitted provided the occupation is conducted wholly within the accessory building and the use does not exceed five hundred (500) square feet in area.
11. There may be more than one (1) home occupation permitted per dwelling unit; however, the total combined home occupations for any single dwelling unit shall not exceed any of the standards set forth in this Title.
12. No home occupation shall cause the rate of water usage (gallons per minute) to exceed the maximum rate capable of being produced by the existing water service.
