**Please direct any and all questions to the City of St. Charles Building & Code Enforcement Division:
Monday through Friday (8 AM to 4:30 PM) at 630.377.4406**

A building permit is required prior to any construction of a detached garage. The following are guidelines and requirements for obtaining a building permit.

Check List for Submittal of Application:

- Is your property located in the Historic Preservation District? Yes/No If yes, your application and plans will need to be reviewed by the Historic Preservation Committee.
- A Building Permit Application** – Completely Filled Out.
- Five (5) copies of the plat of survey** to scale showing the location of the garage and the measurements to all of the lot lines, also indicate on the survey the route the Electric Service Line running to the house.
- Five (5) copies of plans** shall include sufficient detail to demonstrate compliance with Building Codes and Ordinances. The drawings shall be as accurate as possible, include dimensions, walls, receptacles, switches and lighting. Framing details shall include a typical wall detail, header sizes, beam and column sizes and if engineered lumber is specified, the manufacturers Sizing Tables.
- Submit Grading Certification Form.**
- If you are upgrading the electric service, changing the panel or installing a new electric service, this application is also attached for you to complete and submit with the drawings.
- Submittal fee of **\$300.00**, to be submitted with the complete application payable by Cash, Check or Credit Card. Credit Cards may only be accepted in our office. Applications will not be accepted for review without payment.

***Applications missing submittal items will not be accepted.**

Building Codes:

The following are the Building Codes, which the City of St. Charles has adopted:

- St. Charles Municipal Code
- 2020 National Electric Code w/ amendments
- 2021 International Residential Code w/ amendments
- 2021 International Fuel Gas Code w/ amendments
- 2018 International Energy Conservation Code w/ amendment

Detached Garage Requirements:

- If there is any plumbing being done on your project, a copy of the plumbing contractors Illinois License Registration and an original notarized “Letter of Intent” signed by the plumbing contractor. If you, the homeowner, are completing all the plumbing work, a notarized “Letter of Intent” signed by you is required stating you will reside in this home as your sole residence for at least six months.
- Drawing showing how new electric will be run to the garage and material used.

Zoning Requirements:

- For information on your particular zoning, please contact a planner at 630.377.4443.
- If your property is located in any of the RT or CBD-2 zoning districts and your project involves any exterior alterations, additions, and detached garages. The Planning Division will conduct a review of the project for compliance with these Architectural Design guidelines.
- Provide lot coverage calculations per your Zoning District on additions. The lot coverage portion of a site that is covered by a principal building or buildings including attached garages and enclosed porches, and accessory buildings including detached garages and any other enclosed accessory building. Building coverage shall not include unenclosed porches, decks, or unenclosed accessory structures such as gazebos, swimming pools, or tennis and sports courts.
- No accessory building/structure located in the RE, RS, and RT Districts shall exceed twenty (20) feet in height, measured from the finished grade to the top of the structure.
- Private garage for one and two-family dwellings shall conform to the applicable yard and setback requirements of the District as modified by Table 17.22-3, but in no event shall a garage for a one or two family dwelling be located closer to any street right of way than 15 feet.
- If a one or two-family dwelling lot abuts a paved public alley, any detached or attached private garage shall be constructed so that access is from the public alley.

Setbacks:

- **Rear Yard:** Minimum 5-feet from rear lot line without alley
 - Minimum of 3-feet from side lot line and from alley
- **Interior side yard** – Minimum of 3-feet from lot line
- **Exterior side yard** – Contact the Building & Code Enforcement Office at 630.377.4406 for this information.
- Detached accessory buildings or structures shall be located a minimum of 10-feet from any principal building on the lot.

General:

- 1) Compliance with the above-indicated codes, ordinances, and inspections is required.
- 2) The building permit card shall be kept on the site (in the window) of the work and be visible from the street until such time as a certificate of occupancy permit has been issued, or a final inspection has been performed
- 3) No accessory building shall be constructed prior to construction of the principal building to which it is accessory.
- 4) No accessory building/structure located in the RE, RS, and RT Districts shall exceed twenty (20) feet in height, measured from the finished grade to the top of the structure.
- 5) The maximum width of any garage door opening for a one or two family dwelling shall be twenty-two (22) feet.

- 6) Driveways to garage must be a finished hard surface.
- 7) Per the National Electrical Code no garage shall be placed over the electric service coming into the house. Garages are not to cover any meters.
- 8) If electric is installed, at least one GFI outlet shall be installed in a garage with power.
- 9) If electric is provided at least one wall switch controlled lighting outlet shall be installed in the garage.
- 10) Footings (“8x18” on 8” wall, 10”x20” on 10” wall).
- 11) No structure shall be located in any indicated easement area.
- 12) The Permit Conditions form and stamped "FIELD COPY" of the plans are to be on the job site for inspections.

Call (630) 377-4406 to schedule Building Inspections at least 24-48 hours before the inspection is needed. Inspections will be scheduled based on availability.

Call J.U.L.I.E. (811) or (800) 892-0123 Before you Dig – Prior to any digging to locate any underground utilities.

REV 2.20.2023

GRADING CERTIFICATION FORM

We, the below listed signees, acting as owners of the below listed property and on behalf of _____ (contractor responsible for grading), verify the following:

1. We will provide positive drainage, within the City of St. Charles grading requirements of **2.0% minimum slope to 4:1 maximum slopes**, to drain around the structure to be installed on said property.
2. If easements exist, we certify that the structure, or associated grading **will not be installed within any easements.**
3. If no easements exist, we certify that the structure, or associated grading **will not be installed within 10-feet of a side yard lot line or within 10-feet of the rear yard lot line.**
4. As part of this grading, we will not adversely affect any of our neighbors' property.

If the criteria listed above is not met, the applicant would need to submit a detailed grading plan for review and approval and this form shall not be used.
