

ST. CHARLES HISTORIC PRESERVATION COMMISSION

# ARCHITECTURAL SURVEY

MILLINGTON HISTORIC DISTRICT  
ST. CHARLES, ILLINOIS

Date of Survey: 2003  
Updated: Dec. 2016

## Primary Structure

ADDRESS 610 Illinois Street

### ARCHITECTURAL SIGNIFICANCE

- Significant
- Contributing
- Non-Contributing
- Potential for Individual National Register Designation

### BUILDING CONDITION

- Excellent
- Good
- Fair
- Poor

### ARCHITECTURAL INFORMATION

Architectural Style/Type: Cape Cod

Architectural Features: \_\_\_\_\_

Date of Construction: 1988

Source: Township Assessor's Office

Overall Plan Configuration: Simple rectangle

Exterior Walls (Current): Vinyl on wood frame

Exterior Walls (Original): Vinyl on wood frame

Foundation: Concrete

Roof Type/Material: Side gable/Asphalt

Window Material/Type: Aluminum/double hung

**ARCHITECTURAL FEATURES:** This is new construction. It is a simply detailed interpretation of the original Colonial style. The proportion of the roof to the main body of the house is incorrect, as the slope is not steep enough. The roof dormers are oversized and are out of proportion. This Cape Cod is oversimplified and lacks any of the classic detailing that is commonly part of this style.
