Water Conservation Information

- The City's water conservation ordinance has been recently revised. The ordinance places time limits on the use of outdoor sprinkling systems, but does not regulate hand-held, "soaker hose", or drip-type irrigation devices. The ordinance is intended to accomplish two goals:
- Promote the responsible use of the underground aquifers that supply all of our water needs.
- Moderate our peak use periods over a longer period of time to make the best use of our existing infrastructure.

The sprinkling time limits established in the ordinance are as follows:

- Addresses that are **EVEN** numbered may sprinkle on the **EVEN** numbered days of the month, from 5 a.m. to 9 a.m.; and from 6 p.m. to 10 p.m.
- Addresses that are **ODD** numbered may sprinkle on **ODD** numbered days of the month from 5 a.m. to 9.am. and from 6 p.m. to 10 p.m.

We ask that all residents help us achieve our goals, if you have any questions; please contact Public Works at 630.377.4405.
