Re-roof

Building & Code Enforcement Division
2 East Main Street
St. Charles IL 60174
630.377.4406 (Office)
<http://www.stcharlesil.gov>

*Please direct any and all questions to the City of St. Charles Building & Code Enforcement Division:
Monday through Friday (8 AM to 4:30 PM) at 630.377.4406*

A building permit is required prior to any construction of a re-roof. The following are requirements for obtaining a building permit.

Check List for Submittal of Application:

- Is your property located in the Historic Preservation District?** If yes, please complete a Certificate of Appropriateness for review.
- One (1) Copy Building Permit Application** – Completely Filled Out.
- If any roofing is conducted by anyone other than the owner please submit a copy of the **Roofing Contractor's Illinois State License and a copy of the signed contract with the owner's signature.**
- One (1) Copy of the Roofing Contractor's Illinois State Roofing License.**
- Submittal fee of \$60.00 for residential roofing or \$100.00 Commercial Roofing,** to be submitted with the complete application payable by Cash, Check or Credit Card. Credit Cards may only be accepted in our office. Applications will not be accepted for review without payment.

***Applications missing submittal items will not be accepted.**

General Comments:

1. If a contractor is conducting the work they are to have an Illinois State License. You will need their license number and the expiration of their license. If there are any questions regarding the Illinois State License regulation, they can contact Illinois Department of Education and Regulation at 217/782-8556 or 217/782-0482. If the owner/occupant is conducting the work, they do not need an Illinois State License
2. If new roof will be going over one (1) layer of roofing; roof vents, plumbing stacks, and furnace flue pipes will have to be reflashed into new roof to prevent any added water running between roofs.
3. Double starting row required.
4. A roof recover shall not be permitted where the existing roof has two or more applications of any type of roof covering.
5. Sheet metal flashing for roof and wall intersections of different materials (wood, brick, stucco, aluminum, etc.)
6. Attic and other enclosed spaces are to have required ventilation of 1/300 to area ceiling (roof vents may need to be added per code that will help extend the life of the new roof).
7. Minimum of 2/12 pitch for asphalt shingles with double underlayment.

8. It is the responsibility of the homeowner/contractor to schedule with the Building & Code Enforcement Division the required inspection. The required inspection is a final inspection. This is to be scheduled when the work is completed. When calling to schedule an inspection, please have the address and the permit number. Inspections shall be called a minimum of 24 hours before they become due.
9. Ice protection is required per the 2021 International Residential Code.

Call (630) 377-4406 to schedule Building Inspections at least 24-48 hours before the inspection is needed. Inspections will be scheduled based on availability.
