- II. Roll Call
- III. Consent Agenda
- IV. Business Items

Swim City USA Presentation

In 2014, Swim City USA, a non-profit organization spearheaded by local business people and swim enthusiasts shared a business plan and feasibility study for a proposed fifty meter indoor, regional swimming facility. Seeing an opportunity for both indoor recreation space and communitywide economic development, the Park District entered into a memo of understanding with Swim City USA that included support for the development of a site plan and swimming facility at East Side Sports Complex. At this time, Jack Yetter, Executive Director, and Tony Cantrell, Vice President, will present a summary of opportunity analysis, anticipated economic impacts, building design and fundraising strategies to the Park Board of Commissioners and City Council for further input and discussion.
