This year’s program will expend the remainder of the RBI funds. The attached Resolution for Improvement Under the Illinois Highway Code is an agreement with the Illinois Department of Transportation. It specifies the streets to be improved and details the amount of Motor Fuel Tax and Rebuild Illinois Bond funds appropriated for this construction project. The total MFT and RBI appropriations include the portions of the project that are allowed to be paid for by MFT or RBI funds, which include street resurfacing, curb and gutter repairs, sidewalk repairs, traffic control and restoration. Utility repairs will be paid by their respective corporate funds. Upon project close-out, the actual amount spent on the MFT and RBI eligible contract items will determine the final appropriation from the MFT and RBI funds.</p> <p>This item was originally budgeted for \$1,600,000 of MFT funds and \$145,000 of RBI funds. After closing out the 2023 Street program, \$219,898.86 of RBI funds remained. We recommend approval for the expenditure of the remainder of these funds on eligible street work.</p>
