Title:

Recommendation to Approve Contract Extension for Water, Sanitary Sewer and Storm Sewer Underground Point Repairs

Presenter:

Tim Wilson

Meeting: City Council

Date: April 26, 2021

Proposed Cost: \$800,000

Budgeted Amount: \$800,000

Not Budgeted: **Executive Summary** *(if not budgeted please explain):*

The City of St. Charles Environmental Services Division is seeking a contractor to perform Water, Sanitary Sewer and Storm Sewer point repairs for the duration of the 2020/2021 fiscal year. A portion of underground point repairs are conducted annually by a construction contractor. Each underground point repair is unique but typically includes hydrant replacement, valve replacement, line repairs, drainage basins and manhole replacements. All work will be contracted on a per unit basis or an hourly rate as identified in the bid.

On April 3, 2019, the City received three bids for point repairs. Mid-American Energy Services was the vendor with the lowest unit cost. Because they have performed well and have been responsive to the City's needs, the Public Works Department invited Mid-American Energy Services to extend their contract for an additional year, with no price increases through FY22. This will be the third and final year of the contract extension.

The awarded bid was based on the unit and hourly cost for typical types of point repairs. Hourly costs were also reviewed to ensure the City was selecting the most fiscally responsible vendor. The unit cost and hourly rates for utility and point repairs are reasonably priced in comparison to prior years.

Attachments *(please list):*

* Mid-American Energy Services unit and hourly cost

Recommendation/Suggested Action *(briefly explain):*

Recommendation to award the Bid for Water, Sanitary Sewer and Storm Sewer Point Repairs to Mid-American Energy Services for a one-year period beginning May 1, 2021 through April 30, 2022 in the amount not to exceed \$800,000.
