

ST. CHARLES ZONING BOARD OF APPEALS

VARIATION #: V-2-2017
LOCATION: 314 INDIANA ST.

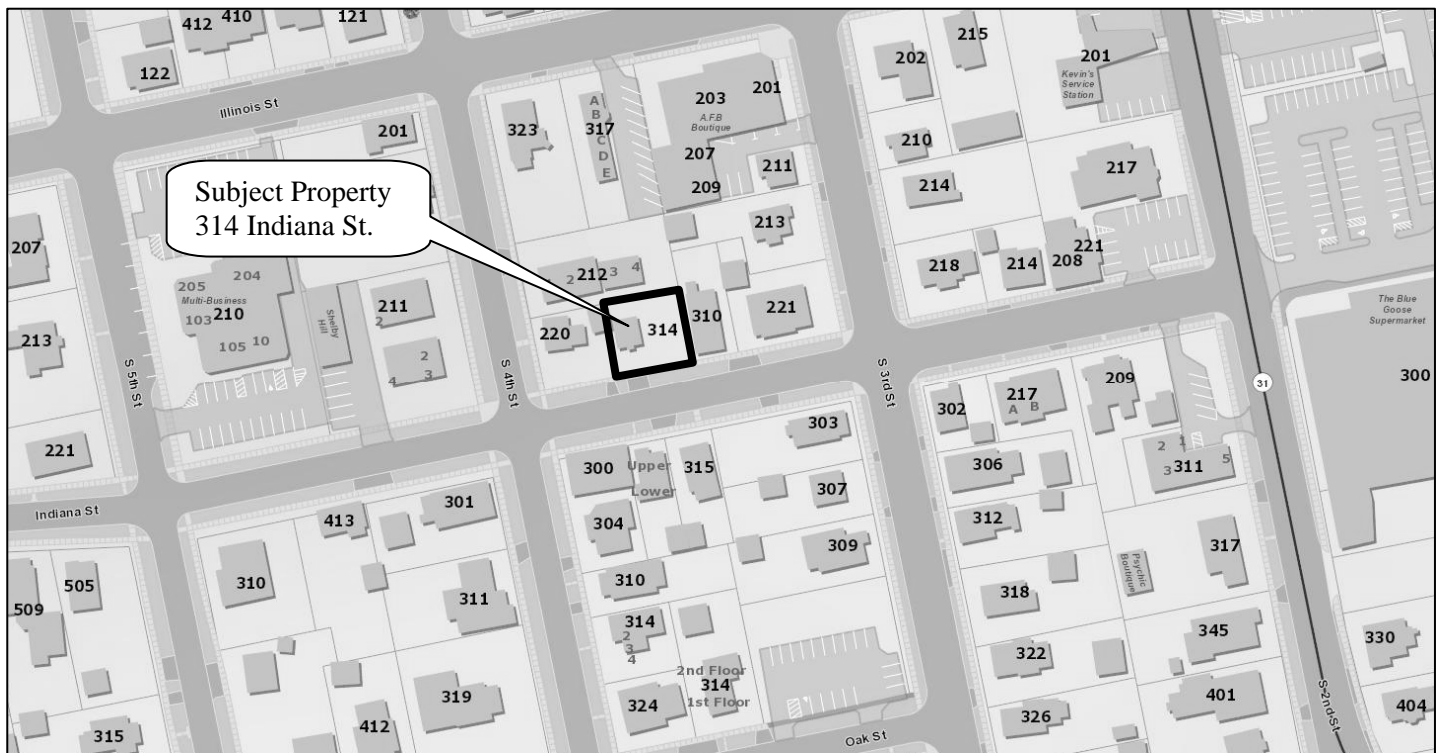

Requested Action: Zoning Variation to:

1. Reduce the rear yard setback requirement from 30 ft. to 20 ft.
2. Increase the maximum building coverage by 141 square feet; from 25% of the lot area (plus a 250 square foot bonus for a detached garage), to 28.2% of the lot area (plus a 250 square foot bonus for a detached garage).

Purpose and Scope: The previous single family house on the property was damaged by fire and demolished. The property is now vacant.
The property owner is requesting the variation in order to allow the construction of a new single family house on the lot, as depicted on the submitted plans.

Existing Land Use: Vacant

Existing Zoning: RT-4 Traditional Single and Two Family Residential District

REASON FOR REQUEST:

- A. Variation requested (state specific measurements): 1) Zoning variance for rear yard and setback 20' requested vs. 30' 2) Building Coverage Variance - additional 1411 square feet requested (see overlay survey)
- B. Reason for request: Provide functional home on non-conforming lot which is very small
- C. Purpose for which property will be used: Single family Residence

CRITERIA FOR VARIATION:

The Board of Zoning Appeals may approve a Variation only when it makes written findings with respect to each requested Variation, based upon the evidence presented at the public hearing, that strict compliance with the regulations and standards of the Zoning Ordinance would create practical difficulties or particular hardships for the subject property, and the requested Variation is consistent with the stated purposes and intent of the Zoning Ordinance.

In making its determination of whether practical difficulties or particular hardships exist, the Board of Zoning Appeals must take into consideration the extent to which evidence has been submitted substantiating the criteria have been met.

Provide a response under each item to substantiate that the requested variation meets the criteria:

1. Do the particular physical surroundings, shape or topographical condition of the specific property involved result in a practical difficulty or particular hardship to the property owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out? (Explain) Yes
The size and shape of the property creates a hardship. The parcel is 4371.7[#] which is less than the minimum required in the zoning district of 5,000 sf. The depth of the parcel is less than a typical lot in the zoning district (66 ft as opposed to the common depth of 100+ ft) Both the size and shape of the lot result in (+)
2. Are the conditions upon which the petition for a Variation is based applicable, generally, to other property within the same zoning classification? (Explain)
No, the lot size does not meet the minimum zoning district standards, and is not typical of other lots in the zoning district
3. Is the purpose of the Variation based exclusively upon a desire to make more money out of the property? (Explain)
No, the proposed house design provides for a 3 bedroom house that is economically viable to construct

#1 cost. a limited building envelope due to setback and building coverage requirements.

4. Has the alleged practical difficulty or particular hardship been created by any person presently having an interest in the property? (Explain)

No, the non-conforming lot has existed for many years. The previous house was a legal non-conforming structure dating from the early 1900's that was destroyed by an accidental fire.

5. Will the Variation, if granted, alter the essential character of the neighborhood? (Explain)

No, the previous house had an existing non-conforming rear set back of 17.7 feet and building coverage, including garage, of 1346 sq ft. The adjacent block has a mix of lot and building configurations and the rear yard areas and building coverage are not consistent.

6. Will granting of the Variation be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located? (Explain)

No, the variation would permit a setback that is greater than the previous legal non-conforming set-back of the house that existed on the lot from the early 1900's until August 2017. The building coverage is comparable to the previous existing house. The new house will not be greater than the previous house.

7. Will the proposed Variation impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger of fire, or endanger the public safety, or substantially diminish or impair property values within the neighborhood?

(Explain) No, the new house will meet all other code requirements applicable to new buildings, with exception of those items where a variation has been requested. The reduced rear yard setback and increased building coverage will not create any new impacts to the neighborhood.

#6 cert. impact than the previous home.

ATTACHMENTS REQUIRED:

- A. **PLAT OF SURVEY:** One (1) copy of a plat of survey (to scale) of the property showing dimensions of all lot lines, existing and proposed structures and distances from lot lines, easements and adjoining streets or uses.
- B. **MAILING LIST:** A written certified list (form attached) containing the registered owners, their mailing and tax parcel numbers as recorded in the Office of the Recorder of Deeds in the county in which the property is located and as appears from the authentic tax records of such county, of all property within 250 feet in each direction of the location for which the variation is requested, provided all the number of feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement. Registered owner information may be obtained at the St Charles Township Assessor's office, 1725 Dean St., St. Charles, (630) 584-2040. The Kane County Recorder of Deeds is located in the Kane County Government Center, 719 Batavia Ave., Geneva, and (630) 232-5935. The DuPage County Recorder of Deeds is located in the DuPage County Government Center, 421 N. County Farm Rd., Wheaton, and (630) 682-7200.
- C. **FILING FEE:** Filing fee in the amount of **\$300.00** must be rendered at the time the application is submitted. If payment is made by check, it should be made payable to the City of St. Charles.
- D. **REIMBURSEMENT OF FEES AGREEMENT:** An original, executed Reimbursement of Fees Agreement and deposit of funds in escrow with the City, as provided by Appendix B of the Zoning

Ordinance. By signing this Agreement, the applicant agrees to reimburse the City all costs incurred during review of the application, including but not limited to: the cost of the newspaper notice publication; certified mailing to surrounding property owners; Court Reporter at the public hearing(s); and City staff time spent on review and administration of the application.

The total cost of an application typically amounts to approximately \$1,000. However, the cost of each application varies depending on the following:

- Location of the property, due to the number of surrounding property owners and resulting number of certified letters that will be sent.
- Length of the newspaper notice publication which is based on the legal description of the property.
- Length and number of public hearings, which effect the cost of the Court Reporter. Note that if not all Board members are in attendance at the meeting, the applicant may request a continuation of the public hearing in the interest of having more Board members in attendance at a later meeting. If the public hearing is continued, at the request of the applicant or otherwise, the applicant is responsible for the cost of the Court Reporter at the additional public hearing(s).
- Amount of City staff time spent on review and administration of the application.

E. REIMBURSEMENT OF FEES INITIAL DEPOSIT: Deposit of funds in escrow with the City. For properties less than 5 acres, a deposit in the amount of **\$1,000** is needed. For larger properties, see the table in the Reimbursement of Fees Agreement. These funds will be used to reimburse the City for all costs incurred during review of the application, per the Reimbursement of Fees Agreement. The applicant may need to provide additional funds to cover costs.

F. LETTER OF AUTHORIZATION: Letter of authorization from the property owner as to the request for the zoning variation must be included, if the applicant is not the property owner.

G. DISCLOSURE: Disclosure of beneficiaries of a land trust must be included, if the applicant or owner is a land trust.

I (we) certify that all of the above statements and the statements contained in any documents submitted herewith are true to the best of my (our) knowledge and belief.
