A motion was made by Ms. Malay and seconded by Dr. Smunt with a unanimous voice vote to approve the COA as presented.

Ms. Malay suggested defining the red lettering to improve the look when it is illuminated.

A motion was made by Dr. Smunt and seconded by Ms. Malay with a unanimous voice vote to approve the COA with the condition that the gooseneck light above the sign not be removed from the building; it does not need to be used to illuminate the sign.

d. 619 W. Main St.

Approval was previously granted to open up the side porch. The proposal is for the installation of detail elements onto that porch to match the details found on the front porch. This includes the columns and decorative trim. The deck flooring will be replaced and the concrete steps will be removed.

A motion was made by Mr. Krahenbuhl and seconded by Ms. Malay with a unanimous voice vote to approve the COA to match the front porch with custom columns and posts; to remove the concrete steps; and to replace the secondary flooring.

Dr. Smunt recused himself from the Commission and presented this item as a St. Charles resident.

The proposal is for the demolition of an existing garage and replacement with a new detached garage. The item was previously discussed during a concept review. The square footage has been reduced to meet code requirements. The materials include using Hardie siding with a 3” reveal and cedar shingles.
