

AGENDA ITEM EXECUTIVE SUMMARY

Agenda Item number: *4.A

Title:

Recommendation to Approve a Resolution to Award the Bid for the Walnut Street Watermain and Storm Sewer Improvements

Presenter:

Peter Suhr

Meeting: Government Services Committee

Date: October 18, 2021

Proposed Cost: \$ 879,836.25

Budgeted Amount: \$890,000

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

The construction portion of the water and storm sewer main replacement project is budgeted this fiscal year. Currently the existing water main is in poor condition, and the storm sewer is undersized. This project will add approximately 930 liner feet of new storm sewer and 870 liner feet of new water main between South 19th Street and South 17th Street. In addition, the project will be replacing a small amount of water main and water services along South 14th Street between Main and Indiana St.

On September 2nd 2021, the City received 6 bids for this project. The bid results are as followed:

Mauro Sewer Construction	\$ 879,836.25
Copenhaver Construction	\$ 885,194.00
Swallow Construction Corp.	\$ 899,714.75
Martam Construction Inc.	\$ 983,265.00
A Lamp Concrete Contractors	\$ 994,492.50
Bolder Contractors Inc	\$ 1,026,210.00

With approval of the construction contract, the project is expected to start this late winter or spring with the majority of the construction completed prior to mid-summer. The actual completion will be dependent on the spring weather conditions.

Mauro Construction has successfully completed several other projects of the same size and scope. Based on the bid submittal including past performance, the project engineer of Fehr Graham and staff recommends awarding the contract to Mauro Sewer Construction.
