Agenda Item number: 4.a

Title:

Plan Commission recommendation to approve a Revised PUD Preliminary Plan for First Street Building #2.

Presenter:

Russell Colby

Meeting: Government Services Committee

Date: October 23, 2017

Proposed Cost: N/A

Budgeted Amount: N/A

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

In March 2015, the City approved PUD plans and a Redevelopment Agreement for the overall First Street Phase 3 site, which includes the riverfront property located north of Illinois Street and east of First Street. Preliminary Plans for Building #2 were also approved at that time.

The developer, First Street Development II, LLC, is proposing modifications to Building #2:

- No change to the building footprint (however the building lot will need to be re-platted to slightly adjust the building line along the First Street sidewalk)
- Building increasing from 4 floors to 5 floors
- First floor remains retail/restaurant use
- Second floor is proposed as office use
- Third to fifth floors are proposed as residential condominiums- 14 total units (the 2015 plan included 36 rental residential units)
- New building architectural design.

The changes require approval of a Revised PUD Preliminary Plan, which includes approval of architectural elevations and an update to the Development Data for the project (which lists square footages and uses within the buildings).

Architectural elevations were reviewed by the Historic Preservation Commission on 9/6/17 and the Commission recommended approval of the design. The Plan Commission reviewed the Preliminary Plan on 10/17/17 and recommended approval, 9-0.

Redevelopment Agreement:

The property is subject to a Redevelopment Agreement between the City and First Street Development II, LLC. An amendment to this agreement will be necessary to incorporate the Revised Preliminary Plan for Building #2. This is listed as a separate agenda item.

II. OVERVIEW

A. BACKGROUND ON FIRST STREET PROJECT

The First Street Redevelopment PUD was approved in 2006 as a five-phase, mixed-use downtown redevelopment project spanning a 7.6 acre area of properties along First Street between Prairie St. and Main St.

Phases 1 and 2 were constructed from 2007 to 2009 and included: New utility and road infrastructure; Relocation of the Blue Goose store; Building 7A-BMO Harris Bank & 16 affordable rental units; Building 4- The Plaza Parking Deck; and the western portion of the First Street Plaza.

Phase 3 is the site of the current construction activity. Phase 3 includes the riverfront property located between Main & Illinois Streets. The original 2006 plan for the site included:

- Public plaza opposite the existing plaza and a bi-level walkway along the riverfront
- A four-story building at the corner of Main St. and First St.
- Three, five-story buildings wrapped around a parking garage on the remainder of the site.

B. 2015-2017 PLANS FOR PHASE 3 SITE

In March 2015, the City approved a revised PUD Preliminary Plan for the overall Phase 3 site that included the following:

- Public plaza and bi-level Riverwalk in the locations per the original 2006 plan
- Three mixed-use buildings and a public parking deck within the previously planned building footprint areas.
- Preliminary architectural plans were approved for Buildings 1, 2 and the parking deck.

Building #1 and the parking deck were completed in 2016.

Building #3 is under construction and will be completed in spring or early summer 2018.

Construction on Building #2 is scheduled to begin in early spring 2018.

C. CURRENT PROPOSAL

First Street Development II, LLC has filed an application requesting approval of a revised PUD Preliminary Plan approval for Building #2. The developer is proposing to modify:

- The building program, in terms of uses, unit counts and square footages
- Revise the exterior building architecture.

No changes are proposed to the planned public spaces around the Phase 3 site. The building will be within approximately the same footprint as the previously approved Building #2.

III. ANALYSIS

A. HISTORIC PRESERVATION COMMISSION REVIEW

The subject property is located within the Central Historic District, requiring review of the PUD Preliminary Plan by the Historic Preservation Commission regarding its potential impact on the historic district.

The Historic Preservation Commission reviewed the proposal for Building #2 on 9/6/17. The Commission unanimously voted to recommend to the Plan Commission approval of the plans as presented, and offered a number of positive comments on the architectural design.

B. ZONING REVIEW:

The 2006/2008 First Street PUD ordinance established zoning parameters for the project. For the Phase 3 site, deviations to the underlying CBD-1 Central Business zoning district were granted to permit building sizes in excess of 40,000 square feet and building height in excess of 50 ft.

The table below lists the development data for: the current approved plan for Buildings 1, 2, and 3; the proposed Building 2; and the maximum deviations granted by the PUD ordinance.

Per building Development Data for Phase 3					
	Current Approved Plan			Proposed Building #2	PUD Ordinance- Maximum Deviations
	Building #1 (Complete)	Building #3 (Under construction)	Building #2 (Approved 2015)		
Building Footprint	11,865 sf	13,092 sf	11,846 sf	12,251 sf	20,056 sf.
Building Square footage	47,460 sf	65,369 sf	47,384 sf	60,543 sf	89,196 sf.
Building Floors	4	5	4	5	5+ mezzanine
Building Height	54 ft. (67 ft. to tower peak)	67 ft. to parapet	50 ft. to parapet	70 ft. to parapet (81 ft. to tower peak)	75 ft. to parapet
Ground floor uses	Retail & Restaurant	Bank & Office per Downtown Overlay criteria	Retail & Restaurant	Retail & Restaurant	-
Upper level uses	Office	Residential & Office	Residential	Floor #2: Office Floor #3-5: Residential	-

Changes to the Building Program for Building #2 vs. the 2015 Plan:

- An additional floor has been added to the building.
- The second floor is proposed as office use.
- Residential unit count has been reduced from 36 units (planned as rental units) down to 14 units (planned as condominium units).

The table below compares the combined development data for Buildings 1, 2, and 3 for the current approved 2015-2017 plan and the 2017 plan with the proposed modifications to Building #2.

Combined development data for Phase 3- Buildings 1, 2 & 3			
		Current Approved Plan	Proposed Plan with revised Building #2
Total Building Square footage	Restaurant/Retail/Service	23,763 sf	24,116 sf
	Bank/Office	67,532 sf	79,847 sf
	Residential	69,432 sf	69,409 sf
	Total	160,727 sf	173,372 sf
Residential Units	Studio	12	-
	1 BR	12	2
	2 BR	20	20
	3 BR	4	-
	4 BR	-	-
	TBD	-	-
	Total	48	22
Parking Provided		79 Private 110 Public	82 Private 110 Public
Parking ratio with Phase 3 vs. CBD-1 ordinance requirement*		59%	54%

**For locations within the CBD-1 zoning district that are within Downtown Special Service Areas 1A (parking) and 1B (revitalization), there is no on-site parking requirement. These calculations are provided for comparison purposes.*

C. FIRST FLOOR USE RESTRICTIONS

Although the Phase 3 site is located within the Downtown Overlay District, more limited restrictions on first floor uses were included in the 2006 First Street PUD Ordinance. The PUD restrictions control the ground floor uses within the entire First Street project.

In addition to restricting the individual business types that can occupy first floor spaces, the PUD also imposes a limitation on certain uses as a percentage of all first floor space in the PUD, which would include all phases of the project.

First Floor permitted use list (per Ord. 2006-Z-26):

Only the following uses are permitted on the first floor of enclosed buildings within the First Street Project:

1. *Art Gallery/Studio*
2. *Coffee or Tea Room*
3. *Cultural Facility**
4. *Indoor Recreation and Amusement**
5. *Live Entertainment*
6. *Personal Services**
7. *Restaurant*
8. *Retail Sales*
9. *Tavern/Bar*
10. *Theater**
11. *Utility, Local**
12. *Accessory uses to the preceding uses 1 through 11.*

**Not more than 25% of the total gross leasable floor area on the first floor of all enclosed buildings within the Project, exclusive of ground floor parking areas, the Blue Goose and Building 7A, may be occupied by these uses.*

D. SITE LAYOUT AND ENGINEERING

The site layout and engineering is consistent with the plan approved for the entire Phase 3 property in 2015:

- The planned east plaza and bi-level public riverwalk will be located adjacent to Building #2 to the north and east.
- A private outdoor dining area is planned on the remainder of the Building #2 lot adjacent to the Riverwalk.
- Private parking within the basement level of the building will be accessed through the lower level of the adjacent public parking deck (accessed from Illinois Street).
- Pedestrians walking from Building #2 to the public parking deck can use the First Street sidewalk (to the upper and lower level ramp) or the pedestrian ramp and stairs located at the northeast corner of the parking deck, along the future riverwalk. (This path will be accessible once the east plaza and Riverwalk are completed.)
- A location for a refuse enclosure serving Building #2 has been planned inside the southeast corner of the building. Refuse may also be stored behind the building in the private alleyway between the building and the parking deck.

Future plans to be reviewed:

- Plans for the First Street streetscape adjacent to Building #2 were approved based on the previous plan for the building. Some minor revisions may be needed based on the current proposed building design.
- A revised Plat of Subdivision will be required to modify the First Street right-of-way line along Building #2. The current lot line is based upon the footprint of the previously planned building.
- Plans for the east plaza and Riverwalk will be prepared later. The improvements are to be installed after Building #2 is completed.

E. BUILDING ARCHITECTURE

The proposal is in compliance with the applicable Design Standards in the Zoning Ordinance and the First Street Design Guidelines. Elements include:

- Scale and proportion that is complementary to surrounding buildings
- Façade broken into sections to reduce the visual scale of the building.
- 360 degree building architecture, meaning that architectural design elements are consistent on all sides of the buildings.
- Use of traditional architectural materials, including brick as the primary wall material, cornices, stone lintels, and parapets.
- High level of first floor window transparency. Storefront windows wrap the public facades of the building.
- The ground floor scaled to the pedestrian.
- Attention to architectural details (sills, lintels, cornices, awnings, parapets, etc.)
- Balconies for the residential units overlooking the river (east elevation only).

F. INCLUSIONARY HOUSING

The First Street PUD was approved in 2006, prior to the City adopting an Inclusionary Housing Ordinance in 2008. As a part of the 2006 PUD and Redevelopment Agreement, 16 affordable rental units were provided in Building 7A (the BMO Harris Bank building). These units were constructed in Phases 1 and 2 of the project.

The current code exempts PUD developments that pre-date February 2016. Therefore, there is no requirement to provide any additional affordable units (or the equivalent fee-in-lieu thereof) over and above what was required at the time of the 2006 PUD approval.

G. SCHOOL AND PARK FEE-IN-LIEU CONTRIBUTIONS

School and Park Land Cash Fees will be due at the time of building permit. Land-Cash worksheets have been completed and submitted, but will be subject to change based on final unit and bedroom counts prior to the time of building permit.

IV. SUGGESTED ACTION

Review the PUD Preliminary Plan.

Staff has found the application materials to be complete and the plan to be in conformance with the applicable PUD and Zoning Ordinance requirements.

Attachment Checklist:

If multiple zoning or subdivision applications are being submitted concurrently, do not submit duplicate checklist items or plans. Fee must be paid for each application.

Note: The City Staff, Plan Commission, or City Council, may request other pertinent information during the review process.

* **APPLICATION FEE:** Application fee in accordance with Appendix B of the Zoning Ordinance. (\$500)

* **REIMBURSEMENT OF FEES AGREEMENT:**

An original, executed Reimbursement of Fees Agreement and deposit of funds in escrow with the City, as provided by Appendix B of the Zoning Ordinance.

* **REIMBURSEMENT OF FEES INITIAL DEPOSIT:**

Deposit of funds in escrow with the City. Required deposit is based on review items (number of applications filed) and the size of the site:

Number of Review Items	Under 5 Acres	5-15 Acres	16-75 Acres	Over 75 Acres
1	\$1,000	\$2,000	\$3,000	\$4,000
2 or 3	\$2,000	\$4,000	\$5,000	\$7,000
4 or more	\$3,000	\$5,000	\$7,000	\$10,000

* **PROOF OF OWNERSHIP and DISCLOSURE:** Ownership Disclosure for Applicant LLC

- a) a current title policy report; or
- b) a deed and a current title search.

If the owner is not the applicant, an original letter of authorization from the owner permitting the applicant to act on his/her behalf is required. If the owner or applicant is a Trust, a disclosure of all beneficiaries; if the owner or applicant is a Partnership, a disclosure of all partners; if the owner or applicant is a Corporation, a disclosure of all owners with an interest of at least ten percent (10%).

NOTE: Private covenants and deed restrictions can limit private property rights with respect to the use of land even though the City's Zoning Ordinance may authorize the use or a less restrictive use. We strongly advise that you perform a title search on the property to determine if there any private covenants containing use restrictions or other deed restrictions. As those private covenants and deed restrictions may conflict with the City's Zoning Ordinance, it is further recommended that you consult with an attorney to obtain an opinion with respect to whether your intended use is compatible with those restrictions.
