Proposed Cost: \$2,487

Budgeted Amount: \$10,000

Not Budgeted:

Executive Summary (if not budgeted please explain):

At the July 2016 Government Services Committee meeting the Committee supported a motion to subsidize the Homeowner Sewer Assistance Policy to help two home owners who have experienced repeated sewer backups.

Since that meeting, Public Works Staff has been working with the residents at 1231 S. 10th Street (Muckian) to gain an understanding of the costs associated with the installation of overhead sewer at their home and how those costs compare relative to the Homeowner Sewer Assistance Policy limit of \$3,500.

The table below represents the additional amount requested to subsidize the individual project in excess of the \$3,500 cap on the Homeowner Sewer Assistance Policy.

<i>Location</i>	<i>HSAP Amount</i>	<i>Total Project Cost</i>	<i>Subsidy Amount Requested</i>
1231 S. 10th St.	\$3,500	\$5,987	\$2,487

Public Works staff has made contact with the other residents who attended the July 2016 Government Services Committee several times and they are still in the process of engaging contractors and gathering the required three (3) quotations necessary for a complete Homeowner Sewer Assistance Policy Application.
