It specifies the streets to be constructed and details the amount of Motor Fuel Tax funds appropriated for this project for construction. The total appropriation includes the total cost of the project award and only the final amount spent on the contract is what will be the final appropriation from the MFT fund. All of the streets to be constructed this year were presented at the February 2016 Government Services Meeting. Attached to the resolution are the specific streets that will be constructed under the 2016 MFT Street Rehabilitation Program.
