**Executive Summary** *(if not budgeted please explain):*

City staff has been working with a business owner regarding a potential new business to be located at 210 Cedar Ave. The proposed business would be a small event space for private events, such as meetings, bridal showers, etc. The proposed business owners are seeking a liquor license which would allow for a caterer to provide service of alcohol at this business premises. As an option to their clients, the proposed business also requests the ability for some type of BYOB option. As a result of this request a new licenses classification for small event venues (D-9) is being proposed and recommended for approval. The proposed classification has the following limits or provisions:

- Size of the event limited to less than seventy five (75) persons
- Service of alcohol must be incidental to food service
- Alcohol service may be provided by a vendor who holds a current/valid Class B or C license with The City of St. Charles.
- As an alternative, alcohol may be brought on to the premises by the client or sponsor of the event but then service of the alcohol must be done by BASSET trained servers and in accordance with the Code. The client or event sponsor shall also be required to provide a certificate of insurance for that event. The service of food must predominate in this alternative situation as well.

Re: Proposed Amendment to 5.08.090 "License – Classifications"

---

This memo is intended to provide additional information in regard to the proposal to add a Class D-9 license to this code which would allow for alcohol service at a Small Event Venue.

The concept of a Small Event Venue is to have a space available for rent for purposes of holding a meeting, party, or gathering. The venue provides the event space and some related amenities. The event host can arrange for food service through a caterer. For events where the host wishes to have alcohol service, this amendment would provide the option of providing their own alcohol or contracting with a St. Charles "Class B or C (Restaurant or Tavern) license holder."

Currently under existing code, a St. Charles Class B or C license holder could apply for an E-6 special event license in order to cater an event at a location such as this. However, that would require that specific license holder to make application for an E-6 permit 45 days in advance of the event and would require each event held at this venue to come before the LCC, Government Operations, and City Council for approval. In addition the code limits the number of E-6 permits issued annually to any one licensee to four (4) 1-day events.

This proposed D-9 would allow for a contracted St. Charles Class B or C license holder to cater individual events at this location without obtaining an E-6 permit each and every time. It does however require both the venue owner and the caterer to be licensed (Class D-9, and Class B or C, respectively) as well as to be insured.
