Executive Summary (if not budgeted please explain):

5.08.090 – License – Classifications (Existing Language)

After we recently approved the below mentioned ordinance, it was brought to our attention by a member of the City Council that the ordinance, while allowing gas stations to offer retail alcohol offering, did not take into account free-standing convenience stores. Our current ordinance states:

A-6 Class A-6 licenses shall authorize the retail sale of alcoholic liquors in original packages only, and not for consumption on the premises, in gas stations containing convenience stores where the retail sale of packaged alcoholic liquor is secondary to the sale of gasoline products and/or miscellaneous convenience store items and the square footage devoted to the retail sale of alcoholic liquor is ten percent (10%) or less of the gross square footage.

I recommend the following ordinance language in lieu of our existing stipulations under:

5.08.090 – License – Classifications (Proposed Language)

A-6 Class A-6 licenses shall authorize the retail sale of alcoholic liquors in original packages only, and not for consumption on the premises, in convenience stores or gas stations containing convenience stores where the retail sale of packaged alcoholic liquor is secondary to the sale of gasoline products and/or miscellaneous convenience store items and the square footage devoted to the retail sale of alcoholic liquor is ten percent (10%) or less of the gross square footage.

Pursuant to posting this item on the Government Operations Committee agenda, it was brought before the Liquor Control Commission meeting on August 21, 2017, to process and move it forward before this committee to seek approval for it to go before the October 2, 2017 City Council for final approval.

Re: Ordinance Modifications – 5.08.090 – License - Classifications (Liquor Code)

Introduction

The purpose of this memorandum is to explain in greater detail the proposed liquor code modification for the following:

5.08.090 – License – Classifications (Existing Language)

After we recently approved the below mentioned ordinance, it was brought to our attention by a member of the City Council that the ordinance, while allowing gas stations to offer retail alcohol offering, did not take into account free-standing convenience stores. Our current ordinance states:

A-6 Class A-6 licenses shall authorize the retail sale of alcoholic liquors in original packages only, and not for consumption on the premises, in gas stations containing convenience stores where the retail sale of packaged alcoholic liquor is secondary to the sale of gasoline products and/or miscellaneous convenience store items and the square footage devoted to the retail sale of alcoholic liquor is ten percent (10%) or less of the gross square footage.

I recommend the following ordinance language in lieu of our existing stipulations under:

5.08.090 – License – Classifications (Proposed Language)

A-6 Class A-6 licenses shall authorize the retail sale of alcoholic liquors in original packages only, and not for consumption on the premises, in convenience stores or gas stations containing convenience stores where the retail sale of packaged alcoholic liquor is secondary to the sale of gasoline products and/or miscellaneous convenience store items and the square footage devoted to the retail sale of alcoholic liquor is ten percent (10%) or less of the gross square footage.

Summary

Both Geneva, Batavia and South Elgin allow sales inside convenience stores regardless of square footage. West Chicago does not.

I recommend in favor of both of the aforementioned ordinance modifications, subject to City Council approval. Thank you in advance for your cooperation in this matter.
