Executive Summary *(if not budgeted please explain):*

The subject property is a 0.937 acre, unsubdivided parcel addressed as 900 S. 5th St., located at the southeast corner of Cutler and S. 5th Streets across from Baker Field Park. The property contains a 3,800 sf single-family home.

Ryan Corcoran has purchased the property and is seeking approval of a Final Plat of Subdivision to divide the parcel into three lots. Lot 1 includes the existing house. Lots 2 and 3 fronting S. 5th St. will be established as buildable single-family home lots.

This subdivision qualifies as a “Minor Subdivision” under the Subdivision Code, and therefore no preliminary or final engineering plan is required to be submitted with the plat. Conditions related to utility improvements will be attached to approval of the Final Plat.

Plan Commission Review

Plan Commission reviewed the Final Plat on 7/2/19 and voted 6-0 to recommend approval.

At staff’s request, the Commission discussed whether a sidewalk should be required for this subdivision. Commissioners commented that they would not support requiring a sidewalk. They stated the sidewalk would have limited utility due to the lack of sidewalk on adjacent properties and would also be detrimental to the aesthetics of the block.

II. OVERVIEW

A. BACKGROUND

The subject property is a 0.937 acre, unsubdivided parcel addressed as 900 S. 5th St., located at the southeast corner of Cutler and S. 5th Streets. The property contains a 3,800 sf single-family home constructed in 1930. The property is surrounded by single-family homes on three sides with Baker Field Park across the street to the west.

B. PROPOSAL

Ryan Corcoran recently purchased the property and is seeking approval of a Final Plat of Subdivision to divide the parcel into three lots. Lot 1 includes the existing house. Lots 2 and 3, fronting on S. 5th St., will be established as buildable single-family home lots.

III. ANALYSIS

A. ZONING REVIEW

The subject property is zoned RT-2 Traditional Single-Family Residential. The table below compares the bulk requirements of the RT-2 district with the proposed lots. All lots meet minimum area and width standards. The existing house on Lot 1 meets all bulk requirements with the exception of the exterior side yard, which is an existing nonconforming condition not created as a result of this subdivision. Lots 2 and 3 will be available for development; no building plans have been provided at this time. The buildings will be subject to the noted bulk standards.

	RT-2 District Standard	Lot 1 (existing house)	Lot 2 (buildable lot)	Lot 3 (buildable lot)
Min. Lot Area	6,600 sf	17,785.32 sf	15,209.04 sf	7,851.56 sf
Min. Lot Width	50 ft.	129 ft.	110.6 ft.	58.99 ft.
Max. Building Coverage	30% for structures 1.5 stories or less; 25% for structures over 1.5 stories	18%	<i>TBD – To follow RT-2 standard</i>	<i>TBD – To follow RT-2 standard</i>
Max. Building Height	Lesser of 34 ft. or 2 stories	Meets		
Min. Front Yard	25 ft.	30.13 ft. (S 5 th St)		
Min. Side Yard	6 ft./10% of lot width for structures 1.5 stories or less; 8 ft./10% of lot width for structures over 1.5 stories	14 ft. (south)		
Min. Exterior Side Yard	20 ft.	16.24 ft. (Cutler St.)		
Min. Rear Yard	30 ft.	51.01 ft. (east)		

B. PLAT REVIEW

Staff has noted a number of relatively minor comments that will need to be addressed on the Final Plat prior to City Council action:

1. The title noted on the Final Plat is “Fifth Street Subdivision”, but the proposed subdivision name noted on the application is Baker Field Subdivision. Revise as necessary.
2. Add the name and address of the property owner.
3. Add the date of preparation/revision.
4. Add location to the signature line of the Surveyor’s Certificate.
5. Add location to the signature line of Notary Public’s Certificate.

The Final Plat is under review by other City departments and there may be additional comments.

Sidewalk

The Subdivision Code requires installation of public sidewalk in association with a new subdivision. No sidewalk is proposed for this subdivision. There is no sidewalk along S. 5th St. to the south of the property, however sidewalk does exist along S. 5th St. to the north, across Cutler St. There is also no sidewalk along Cutler St. on the subject block. The Committee may require a sidewalk be provided based on the code requirement.

C. ENGINEERING REVIEW

No engineering plan is required for a Minor Subdivision. Water services for the new lots can connect to existing mains in the area. The sanitary sewer in S. 5th St. will need to be extended north to serve the new lots. Conditions related to utility improvement requirements will be attached to approval of the Final Plat.

D. INCLUSIONARY HOUSING

This subdivision is subject to the Inclusionary Housing Ordinance, Title 19 of the City Code. The existing house on Lot 1 will remain. Lots 2 and 3 are subject to the 2019 fee in-lieu amount of \$39,665.75 per required affordable unit. The fee worksheet is attached. A total fee in-lieu amount of \$3,966.57 (\$1,983.29 per lot) will be due at the time of building permit.

E. SCHOOL AND PARK FEE-IN-LIEU CONTRIBUTIONS

The applicant is required to provide the School and Park Districts with a cash contribution in lieu of physical land per the standards established in the Subdivision Code, Chapter 16.10 “Dedications”. The attached worksheets calculate the cash contribution based on one 3-bedroom home and one 4-bedroom home. The resulting fees are required to be paid before the building permit is issued for the first house. These amounts are subject to change depending on changes to the bedroom counts at the time of permit.

IV. PLAN COMMISSION RECOMMENDATION

Plan Commission reviewed the Final Plat on 7/2/19 and voted 6-0 to recommend approval.

Commissioners commented that they would not support requiring a sidewalk for this subdivision. They stated the sidewalk would have limited utility due to the lack of sidewalk on adjacent properties and would also be detrimental to the aesthetics of the block.
