Re: Background Investigation: St. Charles Park District-Norris Center

The purpose of this memorandum is to document and forward to your attention the results of the background investigation conducted by members of the St. Charles Police Department concerning the above mentioned establishment.

As is customary procedure, a detective was assigned to this investigation and reviewed not only the site location via an inspection, but also the corresponding application and applicants.

We found nothing of a derogatory nature that would preclude either the site location or the applicant from moving forward with a massage license, subject to Council/Commission approval.

Please see detailed drawing of floor plan and all other paper work is in order.

Thank you in advance for your consideration in this matter.
