Agenda Item number: *5.a

Title:

Recommendation to Approve a Resolution Endorsing the Metropolitan Mayors Caucus' Greenest Region Compact II

Presenter:

Chris Adesso

Meeting: Government Services Committee

Date: September 23, 2019

Proposed Cost: \$N/A

Budgeted Amount: \$N/A

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

In February of 2008 the City of St. Charles endorsed the Metropolitan Mayors Caucus' (MMC) Greenest Region Compact by authorizing Mayor Donald DeWitte to sign a resolution supporting the MMC's environmental practices by collaboratively working with other members of the MMC and adopting the Caucus' goal of addressing Global environmental sustainability issues at the local level. The City has been using these principles as a guide when making decision and setting policy over the last 11 years.

Recently the Metropolitan Mayor Caucus has update the Compact with current ideas, practices and theory and are asking that member communities renew their commitments to the compact through the Greenest Region Compact II resolution. The attached Compact Framework Spreadsheet highlights many of the goals and mission of the update Compact.

This information was presented to the City's Natural Resources Commission and the NRC provided an unanimous motion of support for the City's participation in the GRC II.

* Resolution * Compact Framework

Recommendation/Suggested Action *(briefly explain):*

Recommendation to Approve a Resolution Endorsing the Metropolitan Mayors Caucus' Greenest Region Compact II.

Endorsing the Metropolitan Mayors Caucus' Greenest Region Compact

WHEREAS, the Metropolitan Mayors Caucus provides a forum for the chief elected officials of the Chicago region to develop consensus and act on common public policy issues and multi-jurisdictional challenges; and

WHEREAS, the Metropolitan Mayors Caucus' participating Mayors and their communities have a history of environmental stewardship, from energy efficiency, water conservation, urban forestry, and participation in Clean Air Counts; and

WHEREAS, it is important for Mayors and local governments throughout the United States to take leadership roles to advance sustainability both in their own communities and in concert with regional, national and global initiatives; and

WHEREAS, the Metropolitan Mayors Caucus created the Greenest Region Compact to address environmental sustainability issues of global importance at the local level; and

WHEREAS, the Greenest Region Compact, an update to the original pledge and sometimes referred to as the Greenest Region Compact 2, is built on important environmental initiatives already underway in communities, in partnership with many non-profit, state, regional and national organizations; and

WHEREAS, the Greenest Region Compact synthesizes sustainability goals already adopted by leading communities in the region; and these consensus goals align with common regional, state, national and global objectives; and

WHEREAS, the Greenest Region Compact offers a companion Framework to guide communities of all sizes and strengths to assess their current efforts; develop a sustainability plan suited to local priorities; and will offer resources to help them succeed; and

WHEREAS, the consensus goals of the Greenest Region Compact will guide coordinated efforts toward enhanced quality of life for residents; protection and stewardship of the environment and sustainable economic vitality.

NOW, THEREFORE, BE IT RESOLVED that the City of St. Charles, Illinois endorses the Greenest Region Compact proposed by the Metropolitan Mayors Caucus and agrees to work to achieve them, both in their own communities and in collaboration throughout the region.

COLLABORATING FOR SUSTAINABLE COMMUNITIES

The member municipalities of the Metropolitan Mayors Caucus seek a vibrant, sustainable future for their communities and the greater Chicago region. The consensus goals of the Greenest Region Compact aim for enhanced quality of life for residents; protection and stewardship of the environment and sustainable economic vitality.

To become the most sustainable and successful region in the United States, they, therefore, support the following consensus goals of the Greenest Region Compact and agree to work to achieve them, both in their own communities and in collaboration throughout the region:

Climate

- Reduce greenhouse gas emissions
- Maintain clean and healthful air
- Develop resiliency to climate change impacts
- Engage the community in climate change mitigation and adaptation

Economic Development

- Promote innovation and a competitive workforce
- Cultivate local and sustainable development, jobs, and businesses

Energy

- Use energy for buildings and facilities efficiently
- Advance renewable energy
- Reduce energy consumption
- Enact policies that support clean energy
- Engage the community in clean energy practices

Land

- Encourage strategic development that upholds sustainability principles
- Conserve, restore and enhance natural features and ecosystems
- Support networks of accessible well-used and enjoyable parks
- Sustain a robust urban forest canopy
- Sustain beautiful landscapes that provide ecosystem services
- Achieve greater livability through sustainable land use and housing policies
- Cultivate a conservation ethic in the community

Leadership

- Enlist support for GRC2 goals through regional, state and national leadership
- Advocate for policies that align with and advance the GRC2
- Work collaboratively towards a sustainable region

Mobility

- Support safe and effective active transportation
- Maintain a diverse, safe, and efficient transportation network
- Support efficient transportation that uses resources wisely
- Integrate sustainability into transportation policies, programs, and regulations
- Promote public and sustainable transportation choices

Municipal Operations

- Lead by demonstrating sustainable values and practices
- Integrate sustainability into all municipal operations
- Operate a safe, clean and efficient fleet
- Collect and manage data to advance sustainability

Sustainable Communities

- Promote cultural vibrancy in the community
- Foster a culture of health, safety, and wellness
- Increase access to sustainably grown local food
- Sustain community principles that are welcoming, inclusive and equitable
- Promote a sustainable identity for the community
- Ensure local policies and codes support sustainability
- Cultivate community values based on principles of sustainability

Waste & Recycling

- Support sustainable material management
- Recycle materials across all sectors
- Divert waste from landfills
- Enact policies that cause sustainable material management
- Engage the community in waste reduction and recycling

Water

- Use and distribute water efficiently
- Protect and improve and water quality
- Manage water system assets sustainably
- Optimize the use of natural and built systems to manage stormwater
- Practice stewardship of water resources
- Enact policies to protect water resources
- Engage the community in water stewardship
