

AGENDA ITEM EXECUTIVE SUMMARY

Agenda Item number: 5.b

Title:

Recommendation to Award the Bid for Snow and Ice Removal Services for the 2019/2020 Winter Season

Presenter:

AJ Reineking

Meeting: Government Services Committee

Date: September 23, 2019

Proposed Cost: \$157,000

Budgeted Amount: \$157,000

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

The Public Works Department is responsible for snow and ice control on City properties and roadways throughout the community. To accomplish this task, contractors are used to supplement City staff in snow removal efforts in specific applications as conditions warrant.

For the last several seasons, the City has utilized the services of up to seven different contractors per year to maintain parking lots, sidewalks, alleys, and eight cul-de-sac routes. In addition, the time required to complete contractor routes was reduced from six hours to four, and rates were requested for large dump trucks to plow geographic routes throughout the City.

On September 5, 2019, bids were opened for Snow & Ice Removal Services for the upcoming winter season. This advertisement furnished four competitive bids (Tovar Snow Professionals indicated that they were only interested in main route driving, which is completed with Public Works staff and was not specified in this scope). In addition to rates, bidders were asked to identify which work they were capable of performing, given their equipment and staffing availability throughout the season.

As in previous contracts for these services, the compilation of all four bids, based on each vendor's indicated capability and availability, is required to meet the needs of the City for the upcoming snow season. The attached bid tabulation identifies the recommended assignments based on each bidder's indicated available resources.
