 <p>CITY OF ST. CHARLES ILLINOIS • 1834</p>	<b>AGENDA ITEM EXECUTIVE SUMMARY</b>		<b>Agenda Item number:</b> *5a
	<b>Title:</b>	Recommendation to approve a Resolution authorizing the purchase of Microsoft Server licensing from Dell Marketing LP for \$73,768	
	<b>Presenter:</b>	Larry Gunderson, Director of Information Systems	
<b>Meeting:</b> Government Operations Committee		<b>Date:</b> December 4, 2023	
<b>Proposed Cost:</b> \$73,768		<b>Budgeted Amount:</b> \$	<b>Not Budgeted:</b> <input checked="" type="checkbox"/>
<b>TIF District:</b> None			
<p><b>Executive Summary</b> (if not budgeted, please explain):</p> <p>The City utilizes Microsoft software as the core operating system software for its on-premise computer servers. To stay current with the latest server operating system software, the past practice has been to purchase new operating system software on a case-by-case basis as servers have been upgraded. Although this process has enabled staff to maintain our systems adequately, the result has been that multiple versions of server operating system software are in place at any given time. This leads to inefficiencies in management of our server operating systems, among other issues.</p> <p>With the proposed purchase of Microsoft Server 2022 licensing we will be standardized on one server operating system across our data centers. In addition, since Microsoft Server 2022 is the most up-to-date server operating system, the City will not have to purchase server operating system software again for several years.</p> <p>The cost for Microsoft Server 2022 licensing is from State of Illinois master contract #CMT1176800, which was awarded to Dell Marketing LP. Through the master contract with Dell, Microsoft provides discounted volume pricing on all Microsoft products to any Illinois state agency or local government. The purchase will be funded through the FY 24 Information Systems operating budget, utilizing funds for a project that has been deferred.</p>
