This display will be launched from the grassy area behind the old Police Department facility at the northwest end of Riverside Avenue. The shells will be smaller than those utilized during the regular Fourth of July Fireworks display and the proper precautions regarding safety setbacks and pedestrian limitations have been met.

Being a private event, the host of the event is responsible for the costs related to this event.

The Fire Department has reviewed all of the relevant documents and believes that this display is within the code parameters. As this is a one-time special event Council approval is required.
