**Executive Summary** (if not budgeted please explain):

The “Resident Parking Only on School Days” ordinance requires updates. Some streets that contain the Resident Parking Only signage on the east and west side are not listed in the current ordinance. Also, the Rivers Edge subdivision has requested their resident parking only time frame be extended from the current time of 9:00 am to 1:00 pm to a new time of 9:00 am to 5:00 pm To be more consistent with other neighborhoods near high schools, it is recommended to use 7:00 am to 4:00 pm to be more appropriate and consistent with other signage.

The police department has had on-going discussions over several months with one resident who is requesting additional parking bans in Rivers Edge; particularly Meadow View Drive. As part of our fact-finding and due diligence, staff audited all of the signage in and around both high schools, and also attempted to mediate the homeowners concerns, to no avail. Staff is recommending the aforementioned time change to this particular ordinance as it relates to Rivers Edge only. Although we would eventually look to obtain both consistent signage and time frames in other areas near both Gray Street (Geneva High School) and Stuarts Crossing (St. Charles East High School), the costs of new signage and the time frame changes are a moot point absent any concerns.

Additionally, D303 and St. Charles North High School staffs were consulted regarding additional parking relief from guests of the school using adjacent residential side streets; specifically, Meadow View Drive. The following changes are forthcoming from D-303.

- The football stadium is usually locked and the associated track is a means of entry into the tennis courts. This will now be left open.
- Conversely, the north gates of the tennis courts are usually left unlocked and open (these will now be locked).
- The district thinks the above two measures will encourage guests to park in the lots adjacent to the football stadium (behind St. Charles North High School).
- A church group was using the tennis courts for a rather large tennis league on Monday nights. The district has been in contact with the league organizer and all of its participants will now use the school parking lots.

We hope these changes and the aforementioned parking restriction recommendations will improve parking in the affected areas.
