Ordinance Amending Title 13, "Public Utilities, Chapter 13.12 "Sewer" of the St. Charles Municipal Code to Allow for Changes in the Rate Structure for the Water Utility

**Recommendation/Suggested Action** (briefly explain):

Seeking Discussion and Approval of an Ordinance Amending Title 13, "Public Utilities, Chapter 13.12 "Sewer" of the St. Charles Municipal Code to Allow for Changes in the Rate Structure for the Water Utility City of St. Charles, Illinois Ordinance No. 2024-M-\_\_\_\_

## An Ordinance Amending Title 13, "Public Utilities," Chapter 13.12, "Sewers," Sections 13.12.830, "Charges for Residential Uses," and 13.12.840, "User Charges for Metered Water Consumption and Nonresidential Use," of the St. Charles Municipal Code

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES, KANE AND DUPAGE COUNTIES, ILLINOIS, as follows:

Section 1. That Title 13, "Public Utilities," Section 13.12.830, "Charges for Residential Users," and Section 13.12.840, "User Charges for Metered Water Consumption and Nonresidential Use," are hereby deleted in their entirety and in lieu thereof the following language shall be substituted:

## "13.12.830 Charges for Residential Users

- A. The residential sewer user charge shall be as follows:
  - The following rates shall be charged monthly for sewer service to all residential users of City sewers, based upon metered water consumption effective for bills issued subsequent to June 1 of the following years, with a maximum sewer charge not to exceed 130% of a residential user's winter quarter water usage average. The residential user's "winter quarter" water usage shall be defined as the water that is billed to the user in the months of January, February, and March. When the 130% calculation produces a fractional result, the customer maximum will be raised to the next whole number.

Charge	Current	2024	2025	2026	2027
Monthly Demand	\$23.01	\$24.16	\$25.37	\$26.64	\$27.97
Usage, per 1,000	\$7.29	\$7.65	\$8.03	\$8.43	\$8.85
gallons of water					
used					

- 2. Residential users in a building with more than one dwelling unit and with each unit having a sewer connection but no city water meter shall be charged the existing residential sewer demand charge per month. Sewer usage charge shall be billed to the customer billed for the water service and shall be based on the water used at the existing residential sewer rate per one thousand gallons.
- 3. Residential users in a building with only one dwelling unit with sewer connection but no city water purchases shall be charged for

eight thousand gallons of usage at the existing residential rate per one thousand gallons plus the existing demand charge per month.

- 4. For new or recently constructed residential buildings or other customers which have a water meter and incomplete history of water consumption during a winter quarter, the existing residential rate per thousand gallons plus the existing demand charge per month shall be applied to their metered water consumption until the completion of a winter quarter.
- 5. A fee is hereby imposed upon all residential users of City sewers for the purpose of funding various projects required to comply with mandatory standards promulgated by the United States and the Illinois Environmental Protection Agencies. This fee, termed "EPA Mandate Fee," will be set at a flat rate of two dollars and seventyfive cents (\$2.75) per month."
- "13.12.840 User Charges for Metered Water Consumption and Nonresidential Use
- A. The non-residential sewer user charge shall be as follows:
  - 1. The following rates shall be charged monthly for sewer service to all non-residential users of City sewers based upon metered water consumption effective for bills issued subsequent to June 1 of the following years:

Charge	Current	2024	2025	2026	2027
Monthly Demand	\$23.01	\$24.16	\$25.37	\$26.64	\$27.97
Usage, per 1,000	\$7.29	\$7.65	\$8.03	\$8.43	\$8.85
gallons of water					
used					

2. The following rates shall be charged monthly for sewer service to all non-residential users of City sewers where water consumption does not reflect the actual quantity of wastewater tributary to the wastewater treatment works effective for bills issued subsequent to June 1 of the following years:

<u>Charge</u> <u>Cu</u>	<u>irrent</u> 2024	2025	2026	2027
Monthly Demand \$2	23.01 \$24.	16 \$25.37	\$26.64	\$27.97
Usage, per gallons of wastewater actually discharged into the sewer system	\$7.29 \$7.	65 \$8.03	\$8.43	\$8.85

- 3. Non-residential users in a building with more than one nonresidential unit and with each unit having a sewer connection but no city water meter shall be charged the existing non-residential sewer demand charge per month. Sewer usage charge shall be billed to the customer billed for the water service and shall be based on the water used at the existing non-residential sewer rate per one thousand gallons.
- 4. Non-residential users in a building with no water purchases and a sewer connection without flow measurement equipment shall be charged the existing non-residential sewer demand charge per month, plus a user charge equivalent to six thousand gallons of usage at the existing non-residential sewer use rate per one thousand gallons. Non-residential users may be required to install flow measurement equipment pursuant to the conditions set forth in Section 13.12.940B.
- 5. A fee is hereby imposed upon all non-residential users of City sewers for the purpose of funding various projects required to comply with mandatory standards promulgated by the United States and the Illinois Environmental Protection Agencies. This fee, termed "EPA Mandate Fee", will be set at a flat rate of two dollars and seventy-five cents (\$2.75) per month."

Section 2. That this Ordinance shall be in full force and effect ten (10) days from and after its passage, approval and publication in pamphlet form as provided by law; provided, however, that the rates set forth herein effective for 2024 and thereafter shall be effective for the first billing period subsequent to June 1, 2024.

Section 3. That after the adoption and approval hereof this Ordinance shall (i) be printed or published in book or pamphlet form, published by the authority of the Council, or (ii) within thirty (30) days after the adoption and approval hereof, be published in a newspaper with a general circulation within the City of St. Charles.

PRESENTED to the City Council of the City of St. Charles, Kane and DuPage Counties, Illinois, this \_\_\_\_\_\_ day of February, 2024.

PASSED by the City Council of the City of St. Charles, Kane and DuPage Counties, Illinois, this \_\_\_\_\_ day of February, 2024.

APPROVED by the Mayor of the City of St. Charles, Kane and DuPage Counties, Illinois, this \_\_\_\_\_ day of February, 2024.

Lora Vitek, Mayor
