

AGENDA ITEM EXECUTIVE SUMMARY

Agenda Item number: *6.g

Title:

Recommendation to Approve Purchase Order to Electric Conduit Construction for Installation of Electric Manhole at Valley Shopping Center

Presenter:

Tom Bruhl

Meeting: Government Services Committee

Date: June 25, 2018

Proposed Cost: \$31,611.15

Budgeted Amount: \$35,000.00

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

City Staff received two bids for unit cost manhole installations. The work involves excavating approximately a 12 foot deep hole that is 12 feet wide and 15 feet long. After setting the precast manhole with a crane, the contractor is responsible for installing the ground grid and ground rods, providing the frame and cover, and then backfilling up to grade.

Consistent with the redevelopment and new lot structure at the Valley Shopping Center, the existing radial (not looped) electric system will be improved to include a loop from the northwest to the southeast. A manhole is needed as a junction box for pulling and splicing cables from the different directions. The manhole will have provisions for future development to tap into the loop. This is an electric reinforcement project related to improving the system for the existing customers and the new Police Station.
