

AGENDA ITEM EXECUTIVE SUMMARY

Agenda Item number: 6.p

Title:

Recommendation to Award Proposal for Environmental Services SCADA Software

Presenter:

Tim Wilson

Meeting: Government Services Committee

Date: April 23, 2018

Proposed Cost: \$61,386.41

Budgeted Amount: \$85,000

Not Budgeted:

Executive Summary *(if not budgeted please explain):*

The City of St. Charles Environmental Services Division was seeking a Supervisory Control and Data Acquisition (SCADA) operating system software provider. City staff and our consulting firm, Concentric Integration, advertised for an RFQ in December 2017. The City received Statements of Qualifications from two software firms; Wonderware and Rockwell Inc.

Both firms provided presentations on the software options and operating systems. City Environmental Services Staff including the IS Department determined that both software applications were equal in performance and would be a suitable selection for the City's SCADA operating systems. Based on staff's evaluation, Concentric requested pricing from both firms.

Proposal pricing for the software and supporting systems were as follows:

Rockwell Factory Talk : \$61,386.41

Wonderware InTouch 2017 : \$62,874.00

As part of the SCADA project, Concentric Integration LLC is responsible for a turnkey product. The recommendation will be for Concentric Integration to move forward with the purchase of the Rockwell Factory Talk software application.

Attachments *(please list):*

* Rockwell Factory Talk Software Proposal * Wonderware InTouch Software Proposal

Recommendation/Suggested Action *(briefly explain):*

Recommendation to award Proposal to Concentric Integration for SCADA Software purchase in the amount not to exceed \$61,386.41.
