

**AGENDA ITEM EXECUTIVE SUMMARY**

Agenda Item number: 6.v

Title:

Recommendation to Approve Construction Contract for the Patricia Lane Base Reclamation Project

Presenter:

Ken Jay

Meeting: Government Services Committee

Date: April 22, 2019

Proposed Cost: \$334,702

Budgeted Amount: \$355,000

Not Budgeted: ☐**Executive Summary** (*if not budgeted please explain*):

Patricia Lane, from Via Veneto Drive east to Division Street, is one of the City's streets that have a condition rating of "very poor." The underlying base of the roadway is made up of a pozzolanic material, which loses its structural integrity as it deteriorates over time. The base has reached a point that resurfacing the street would not be an economical long-term solution.

Patricia Lane will be the first residential street to receive a base reclamation treatment within St. Charles. When compared to a traditional street reconstruction, the base reclamation process is more economical and provides an expedited construction schedule with minimal disruption to traffic flow and driveway access. Staff has recently completed two base reclamation projects within the City's industrial park and received extremely positive feedback from the business owners. The project will also include minor water, sanitary and storm sewer improvements.

Bid Results:

On April 5, 2019 sealed bids for the Patricia Lane Base Reclamation Project were publicly opened and read aloud. The City received a total of six (6) bids for this project, with the results shown below.

<i>Engineer's Estimate</i>	\$ 334,597.75
J.A. Johnson Paving	\$ 334,701.85
A-Lamp Concrete	\$ 338,946.85
