Executive Summary (if not budgeted, please explain):			
<p>The Police Department has utilized police tasers for about 15 years through three five-year contracts with Axon Enterprise, Inc. Our current contract has expired and our tasers (12), used by all front-line police officers (X-26P models), are no longer warranted or supported.</p> <p>As part of our recommendation in utilizing Axon for both body-worn cameras and in-car video systems, Axon offered “bundled” incentives to also secure and renew a five-year master services and purchasing agreement to upgrade our current platform of tasers to the Taser-7 model. Our current tasers will be returned to Axon and credit provided as part of this agreement.</p> <p>Staff is recommending approval and execution of this contract before the end of calendar year 2023 as pricing increases appear significant. The five-year contract is the longest-term Axon provides for tasers and this agreement includes locked-in inflation escalators, a bundle signing incentive, warranty and software support, and all of our training and in-service cartridges. This pricing is also publicly bided through the Sourcewell Purchasing Cooperative (Contract #010720-AXN).</p> <p>Funding for this purchase will be integrated into our yearly operating budget.</p>
