Executive Summary (if not budgeted, please explain):			
<p>Many bills are being introduced in Illinois to make changes to Tax Increment Financing.</p> <p>Tax Increment Financing (TIF) is a powerful tool that allows the City of St. Charles to promote economic development and revitalization in blighted or underutilized areas. By earmarking a portion of the increased property tax revenue generated by a redevelopment project to finance the project, TIF can help fund infrastructure improvements, attract new businesses, and create jobs. TIF can also incentivize private investment, as developers and investors are more likely to invest in areas where public funds are being used to support redevelopment efforts. Furthermore, TIF has the potential to generate long-term benefits for the community, as increased property values and economic activity can lead to sustained economic growth and improved quality of life for residents.</p> <p>I recommend the approval of the attached resolution in Support of Tax Increment Financing.</p>
