II. BACKGROUND

The subject property is the site of the Meijer store, constructed in 2000. Development of the property was approved under Ordinance 1999-M-24 “An Ordinance Granting a Special Use as a Planned Unit Development (Meijer PUD)”.

Development standards for the Meijer PUD are provided in Exhibit III of the PUD Ordinance. Permitted signage on the property is included in the list of standards. A total of five (5) wall signs with square footages of each sign are identified for the Meijer building in the Signage Summary attached to Exhibit III.

Changes have been made to the wall signs on the Meijer building over the past several years. Some of these changes, such as replacing the large “Meijer” sign, have been permitted through the Building Division in conformance with the Meijer PUD sign standards. Other changes have occurred without a permit and do not conform to the Meijer PUD sign standards. This includes installation of a US Bank sign and a Starbucks sign.

III. PROPOSAL

Callie Robertson of Anchor Sign, Inc. has applied for a PUD amendment on behalf of Meijer in order to modify the permitted wall signage on the Meijer building to bring the existing signage into compliance. Proposed is to allow eight (8) wall signs on the building. Seven (7) signs are currently installed on the building.

Approval of the amendment would bring existing nonconforming signage into compliance, meaning that such signage would be able to be refaced. It is the applicant’s intention to reface the Starbucks sign in the near future.

IV. ANALYSIS

A. SIGN REGULATIONS

The table below lists the Meijer wall signage currently permitted per the PUD Ordinance, alongside the wall signage proposed by the applicant.

PUD Ordinance		Proposed PUD Amendment	
Sign	Sign Area (square feet)	Sign	Sign Area (square feet)
Meijer, Fresh	414 sf	Meijer	411 sf
Welcome	12 sf	Starbucks	16 sf
Pharmacy Drive-Thru (never installed)	33 sf	US Bank	27 sf
Pharmacy	33 sf	Welcome (left side)	12 sf
Garden Center	19 sf	Welcome (right side)	12 sf
		Pharmacy	16 sf
		Garden	19 sf
		Pharmacy Drive Up	44 sf
TOTAL Sign Area	511 sf	TOTAL Sign Area	557 sf

Per the PUD Ordinance, five (5) total wall signs with a total sign area of 511 sf are currently permitted on the Meijer building. Proposed is allowing eight (8) wall signs, with a total sign area of 557 sf. All signage proposed to be incorporated in the PUD amendment currently

exists on the Meijer building, except the Pharmacy Drive Up sign. The applicant wishes to have the option to add this sign in the future.

B. PUD AMENDMENT

The proposed PUD amendment would replace the list of wall signage in the Signage Summary of Exhibit III of Ordinance 1999-M-24 with the sign renderings provided by the applicant, which includes the type and size of each of the eight (8) proposed wall signs. The other signage listed on the Signage Summary regarding the Meijer monument sign and gas station signs will remain unchanged.

V. SUGGESTED ACTION

Conduct the public hearing on the Special Use and close if all the testimony has been taken.

Staff has found the application materials to be complete. Staff has placed this item on the meeting portion of the agenda for a vote should the Plan Commission determine that they have enough information to make a recommendation. The applicant has provided findings of fact in support of their proposal as part of the Special Use application.

CRITERIA FOR PLANNED UNIT DEVELOPMENTS (PUDs)

For Special Use for PUD or PUD Amendment applications.

The St. Charles Zoning Ordinance requires the Plan Commission to consider the criteria listed below in making a recommendation to the City Council on whether a proposed Planned Unit Development is in the public interest.

As the applicant, the “burden of proof” is on you to provide information that addresses the criteria below in order to demonstrate that the project is in the public interest.

(You may utilize this form or provide the responses on another sheet.)

From the St. Charles Zoning Ordinance, Section 17.04.410.3:

The Plan Commission shall not favorably recommend, and the City Council shall not approve, a Special Use for a PUD or an amendment to a Special Use for a PUD unless they each make findings of fact based on the application and the evidence presented at the public hearing that the PUD is in the public interest, based on the following criteria:

i. The proposed PUD advances one or more of the purposes of the Planned Unit Development procedure stated in Section 17.04.400.A:

1. To promote a creative approach to site improvements and building design that results in a distinctive, attractive development that has a strong sense of place, yet becomes an integral part of the community.
2. To create places oriented to the pedestrian that promote physical activity and social interaction, including but not limited to walkable neighborhoods, usable open space and recreational facilities for the enjoyment of all.
3. To encourage a harmonious mix of land uses and a variety of housing types and prices.
4. To preserve native vegetation, topographic and geological features, and environmentally sensitive areas.
5. To promote the economical development and efficient use of land, utilities, street improvements, drainage facilities, structures and other facilities.
6. To encourage redevelopment of sites containing obsolete or inappropriate buildings or uses.
7. To encourage a collaborative process among developers, neighboring property owners and residents, governmental bodies and the community

The amendment of the existing Meijer PUD to include all (8) proposed signs, would help (1) promote a creative approach to the building design that allows users to understand fully every type of business which Meijer offers. The additional signage would also (6) encourage the redevelopment of the site to no longer be inappropriate, as it would make it legal to have all the current signs installed, as it seems that a portion of them were installed without the city's prior knowledge. Including all signage on the PUD would (7) encourage a collaborative process amongst Meijer, its neighbors, the government, and the community as it would support Meijer's economic growth within St. Charles by allowing it to advertise, in a non-distracting way, the businesses located within Meijer, including US Bank and Starbucks. It would

- Factors listed in Section 17.04.400.B shall be used to justify the relief from requirements:**

- [illegible]

iii. The proposed PUD conforms with the standards applicable to Special Uses (section 17.04.330.C.2):

A. Public Convenience: The Special Use will serve the public convenience at the proposed location.

The public convenience will be found in the signage alerting customers that the Meijer contains both a Starbucks and a US Bank. It also alerts them what side of the store the Garden Center is on, and where the Pharmacy Drive-thru will be.

B. Sufficient Infrastructure: That adequate utilities, access roads, drainage and/or necessary facilities have been, or are being, provided.

Not applicable; only changes to permitted signage.

C. Effect on Nearby Property: That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish or impair property values within the neighborhood.

The Special Use will only mark the building further in a legible, yet not excessive manner. It will not diminish the use or enjoyment of other properties in the vicinity or neighborhood because it is not flashy or distracting.

D. Effect on Development of Surrounding Property: That the establishment of the Special Use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

The establishment will not impede the normal or orderly development of the surrounding property because it will only effect the signage.

E. Effect on General Welfare: That the establishment, maintenance or operation of the Special Use will not be detrimental to or endanger the public health, safety, comfort or general welfare.

The establishment will not be detrimental the general welfare of the public as it will only effect the signage.

- F. Conformance with Codes: That the proposed Special Use conforms to all existing Federal, State and local legislation and regulation and meets or exceeds all applicable provisions of this Title, except as may be varied pursuant to a Special Use for Planned Unit Development.

The proposed PUD will conform to all existing regulation, just allow for an increased amount of signage.

- iv. **The proposed PUD will be beneficial to the physical development, diversity, tax base and economic well-being of the City.**

The proposed PUD will be beneficial to the economic well-being of the City as it will allow customers to come to Meijer for not only groceries, which will increase business and jobs.

- v. **The proposed PUD conforms to the purposes and intent of the Comprehensive Plan.**

The proposed PUD conforms to the Comprehensive Plan's intent as it clearly marks the large building as to avoid confusion for its customers without being excessive in its signs.

Re: Meijer Store – 855 S. Randall Rd. - Amendment to Special Use for Planned Unit Development

Dear Ms. Tungare,

Metro Storage supports Meijer's proposed amendment to their existing special use planned development for additional wall signs. Based on their building's location, size, access, and sight lines we agree with the request.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Heilman", with a long horizontal flourish extending to the right.
