

Notice of Public Hearing

The City of St Charles has submitted a loan application to the Illinois Environmental Protection Agency seeking funds to construct improvements at the Water Treatment Facility. Section 662.330 of the Illinois Procedures for Issuing Loans from the Public Water Supply Revolving Loan Program requires that the IEPA conduct an assessment of the environmental impacts of the proposed drinking water projects to be funded with loans. This review was carried out in conjunction with the State's review of the City's facilities plan. Prior to final approval of the plan, the public's comments are sought regarding environmental impacts of the proposed project.

The IEPA has reviewed the facilities plan and has determined the project to be technically sound and cost-effective. Unless new information gained from the public causes a reconsideration, the Agency will approve the facilities plan at the close of the public comment period.

The City of St. Charles is making available for public inspection and comments a Project Summary and Preliminary Environmental Impacts Determination (PEID). That document is available for public inspection at St. Charles Public Works, 1405 S. 7th Avenue, St. Charles, Illinois, at any time during regular business hours. A copy of the document may also be viewed online at the City of St. Charles website, www.stcharlesil.gov.

A public hearing will be held for the purpose of receiving comments on the Project Summary and Preliminary Environmental Impacts Determination on October 26, 2020 at 7:00 pm. The public hearing will be held in the City Council Chambers at 2 E. Main St, St. Charles, Illinois. Written comments on the Project Summary and Preliminary Environmental Impacts Determination may be submitted at any time up to and including November 5, 2020. Written comments may be submitted by mail to either of the following:

Charles Amenta, City Clerk
City of St. Charles
2 E. Main Street
St. Charles, Illinois 60174

George Lambert, Project Manager
Infrastructure Financial Assistance Section
Illinois Environmental Protection Agency
Bureau of Water
1021 North Grand Avenue East
P.O. Box 19276
Springfield, Illinois 62794-9276
