## ARCHITECTURAL DESCRIPTION: ROOF

### ROOF TYPE

Gabled

### ROOF MATERIAL

Asphalt Shingles

### ROOF FEATURES

Main front-facing gable roof form with a projecting gabled wing at the north face of the main roof; The face of each gable projects from the main facade.

## ARCHITECTURAL DESCRIPTION: WINDOWS

### TYPE

One-over-one vinyl double-hung windows (non-historic); Full-light vinyl casement windows (non-historic); Basement windows are difficult to see from the public right-of-way.

### MATERIALS

Vinyl

### WINDOW FEATURES

Hexagonal bay window at the center of the first floor of the side (south) facade.

## ARCHITECTURAL DESCRIPTION: DOORS

### TYPE

Wood stile and rail door with three lower horizontal panels and an upper large, square light at the main (east) entrance; Aluminum paneled door with an upper light at the side (north) entrance.

### MATERIALS

Aluminum, Wood

### DOOR FEATURES

N/A

## ARCHITECTURAL DESCRIPTION: PORCHES

### TYPE

Covered, open-air front entrance porch.

### MATERIALS

Wood, Concrete

### PORCH FEATURES

The porch is covered by a shed roof that extends from the eaves where the two gabled roofs meet, the roof is supported by a pair of cylindrical fluted Doric columns located at the exterior corners of the porch.

**ARCHITECTURAL DESCRIPTION: GENERAL****SIGNIFICANT/CHARACTER-DEFINING FEATURES**

See features under roofs, windows, and porches.

**ALTERATIONS AND/OR ADDITIONS**

The exterior has been re-sided; Windows have been replaced; Railing at the front porch has been replaced; The eaves of each gabled roof have been boxed in.

**OUTBUILDINGS/SECONDARY BUILDINGS**

One-story two car garage with a side-gabled roof and clad in siding (possibly historic).

## ARCHITECTURAL DESCRIPTION: ROOF

### ROOF TYPE

Gable-on-Hip

### ROOF MATERIAL

Asphalt Shingles

### ROOF FEATURES

Gable-on-hip roof form; Gabled dormers; Full-height projecting gabled wing with chamfered corners at the side (east) facade.

## ARCHITECTURAL DESCRIPTION: WINDOWS

### TYPE

One-over-one vinyl double-hung window (non-historic); Full-light vinyl casement window (non-historic); Multi-light casement of fixed wood window (historic); Two-light wood awning or hopper window at the basement (historic); Additionally, there is a leaded glass window at the Oriel window at the front (north) facade but it is difficult to see from the public right-of-way if it is inset within the window or if the window has been replaced and the leaded glass is hanging in front of the window.

### MATERIALS

Vinyl, Wood

### WINDOW FEATURES

Oriel window at the first floor of the front (north) facade, the window is crowned by a Mansard roof, supported by a pair of classical corbels at the base, and the window opening is flanked by rectilinear Doric pilasters; Original/historic windows remain at the first floor of the side (west) facade and above the front (north) entrance porch at the second floor; Some windows are ornamented with a wide, rectilinear trim crowned with a dentillated window hood which mimics a classical entablature.

## ARCHITECTURAL DESCRIPTION: DOORS

### TYPE

Wood stile and rail door with lower decorative panels and a large oval light (material is difficult to see from the public right-of-way to determine if the door is historic or non-historic).

### MATERIALS

Wood

### DOOR FEATURES

N/A

## ARCHITECTURAL DESCRIPTION: PORCHES

### TYPE

Covered, open-air front entrance porch.

## MATERIALS

Wood

## PORCH FEATURES

The porch is covered by a low-pitched hipped roof supported by four tapered cylindrical Doric columns which rest on rectilinear piers; Dentillated fascia; Simple railing with turned spindles.

## ARCHITECTURAL DESCRIPTION: GENERAL

### SIGNIFICANT/CHARACTER-DEFINING FEATURES

See features under roofs, windows, and porches.

## ALTERATIONS AND/OR ADDITIONS

A large addition has been constructed at the front (north) facade of the building; Exterior re-sided; Windows have been replaced; Former porch at the southeast corner of the residence has been enclosed.
