## ARCHITECTURAL DESCRIPTION: GENERAL

### SIGNIFICANT/CHARACTER-DEFINING FEATURES

See features under roofs; Use of exterior cladding materials including limestone at projecting windows; original brick exterior at the first floor of the main facades; and stucco/half-timbering at the second floor and attic levels of the main facades.

### ALTERATIONS AND/OR ADDITIONS

Doors have been replaced; Windows have been replaced with new windows that do not match the original design (e.g., leaded glass casements with diamond-shaped lights have been replaced with four-light wood casements); Porches added at the front entrance and at the side (south) facade; Gabled wing at the front (west) facade appears to have been re-clad in new limestone and siding; The rear wings have been heightened and the new gabled roof line constructed, as well as the original chimney at the south gabled wing extended with new limestone; The original stucco and half-timbering detail have been replaced.

### OUTBUILDINGS/SECONDARY BUILDINGS

Two-story carriage house at the rear of the property designed to match the main residence in materials and architectural detailing (non-historic).
