**AGENDA ITEM EXECUTIVE SUMMARY**

Agenda Item number: IA

Title:

Recommendation to approve an Amendment to an Intergovernmental Agreement Between Certain Taxing Districts located in St. Charles Township Regarding Property Tax Evaluation Appeals.

Presenter:

Chris Minick, Finance Director

Meeting: City Council

Date: June 17, 2019

Proposed Cost: \$

Budgeted Amount: \$

Not Budgeted: ☐**Executive Summary** (*if not budgeted please explain*):

Attached is an amended Intergovernmental Agreement between certain taxing districts located in St. Charles Township (City of St. Charles; St. Charles School District 303; St. Charles Township; St. Charles Township Cemetery; St. Charles Public Library; St. Charles Park District; St. Charles Township Road District; Elgin Community College; and County of Kane). The original Agreement was executed in 2008.

The Purpose of this agreement is to coordinate efforts to review, monitor, contest, and defend the assessed valuation of real property within the boundaries of the Taxing Districts when a significant assessment challenge is filed. This Agreement shall only apply to real property that is before the Kane County Board of Review or the Illinois Property Tax Appeal Board (PTAB) in which the taxpayer is requesting a reduction in the Equalized Assessed Value (EAV) of \$100,000 or more (individually or collectively). Currently the assessment challenge threshold is set at a level of \$333,000 and the groups wish to be more active in challenging assessments that could have a material impact on property tax revenues.

The IGA provides a process to intervene in assessment challenges and a process to split the legal costs (costs to defend) of any appeals greater than the \$100,000 threshold. Allocation of costs necessary to accomplish the defense of an appeal will be based on the member Taxing District's respective portion of the tax rate for each property in question, with the exception that County of Kane will pay 50% of the cost of all appraisals requested by the Board of Review. School District 303 will coordinate the valuation defense efforts, will act as the lead agency for valuation appeals, and will bill the individual districts for their appropriate share of defense costs.

Requesting a motion to approve an Amendment to an Intergovernmental Agreement Between Certain Taxing Districts located in St. Charles Township Regarding Property Tax Evaluation Appeals..

**INTERGOVERNMENTAL AGREEMENT BETWEEN CERTAIN TAXING DISTRICTS  
IN ST. CHARLES TOWNSHIP, KANE COUNTY, ILLINOIS**

**THIS AGREEMENT** is made and entered into by and between certain taxing districts located in St. Charles Township, Kane County, Illinois, listed on Exhibit A, attached hereto and made a part hereof (“Taxing Districts”)

**WITNESSETH:**

**WHEREAS**, each of the parties to this Agreement is a governmental unit which exercises the power of taxation of real property and which is dependent to some degree upon tax revenues to carry out its duties and purposes; and

**WHEREAS**, certain property owners within the taxing areas of the parties to this Agreement have filed complaints seeking to reduce the assessed valuation of their properties; and

**WHEREAS**, the Taxing Districts wish to join together to review, monitor, contest and defend the assessed valuation of real property within the boundaries of their districts; and

**WHEREAS**, the Taxing Districts are authorized to enter into this Intergovernmental Agreement pursuant to Section 3 of the Intergovernmental Cooperation Act, 5 ILCS 220/3.

**NOW, THEREFORE**, in consideration of the terms and conditions contained in this Intergovernmental Agreement, and other good and valuable consideration, the Taxing Districts agree as follows:

1. **Purpose.** The purpose of this Intergovernmental Agreement is to review, monitor, contest and defend the assessed valuation of real property within the boundaries of the Taxing Districts.

2. **Method.** Upon approval of this Agreement, each taxing District shall designate a contact person within seven (7) days, to whom all correspondence from the Kane County Board of Review (“Board of Review”) and the Illinois Property Tax Appeal Board (“PTAB”) will be

sent. The designated contact person from the St. Charles Community Unit School District No. 303 shall act as the liaison (“Liaison”) between the Taxing Districts and the Board of Review and PTAB. All information relating to matters covered by this Agreement shall be sent to the Liaison.

This Agreement shall only apply to real property that is before the Board of Review or the PTAB in which the taxpayer is requesting a reduction in Equalized Assessed Value (EAV) of \$100,000 or more (individually or collectively). Currently, the limit is set at \$333,000 of the EAV for one individual parcel. When such a reduction is sought, the Taxing Districts will be notified via email. Each Taxing district must notify the Liaison within seven (7) days of receipt of the notice whether or not it wants to challenge the reduction. If a majority of the Taxing Districts wish to challenge the reduction, then all the Taxing Districts will support the Board of Review in its challenge to the petition and pay their proportionate share of costs as set forth in Section 4 of this Agreement. If a majority of the Taxing Districts do not wish to challenge the reduction, then the Board of Review shall represent the interests of the Taxing Districts to the greatest extent possible without the Taxing Districts’ financial contribution.

3. **Powers of the Liaison.** The Liaison is hereby empowered to perform all acts necessary to the accomplishment of the aforesaid purpose including but not limited to hiring appraisers, consultants and attorneys.

4. **Procedure and Funding.** All funds necessary to accomplish the aforesaid purpose shall be payable pro rata based upon the member Taxing District’s respective portion of the tax rate for each property in question with the exception that the County of Kane shall pay fifty percent (50%) of the cost of all appraisals requested by the Board of Review. All salaries, fees, per diems and other costs and expenses of the Taxing Districts’ members are the sole responsibility of the governmental unit which employs those persons.

5. **Handling and Accountability of Funds.** The Liaison shall be responsible for handling the financial matters resulting from this Intergovernmental Agreement. All funding necessary to effectuate the purpose of this Intergovernmental Agreement shall be paid within thirty (30) days of billing.

The Liaison shall determine the amount owed by each of the Taxing Districts to this Intergovernmental Agreement as to each property for which expenditure of funds is required.

A report of all receipts and disbursements shall be forwarded to the Taxing Districts' Board of the parties to this Agreement on a quarterly basis. These reporting requirements shall only apply to any quarter in which receipts or disbursements have occurred.

6. **Submission of Appraisals and Report of Experts.** All reports or appraisals obtained from any experts pursuant to the purpose of this Intergovernmental Agreement shall be made available to each of the parties hereto.

7. **Additional Parties.** This Intergovernmental Agreement may be amended at any time for the purpose of adding additional parties. Those parties must be governmental units with taxing power within St. Charles Township, Kane County, Illinois and shall be admitted in the same manner as and shall have the same rights, responsibilities and duties as the original signatories to this Intergovernmental Agreement.

8. **Withdrawal.** Any party to this Intergovernmental Agreement shall have the right to withdraw from this Intergovernmental Agreement, in the following manner:

- a. The board of the withdrawing Taxing District shall pass a resolution declaring its intention to withdraw effective on a specified date, which shall not be less than thirty (30) days from the date of its resolution, and shall send a certified copy of said resolution to the Liaison not less than thirty (30) days before the effective date of the withdrawal.
- b. Withdrawal by any Taxing District shall not result in the discharge of any legal or financial liability incurred by such Taxing District before the effective date of withdrawal. All such liabilities shall continue until properly discharged or settled by the withdrawing Taxing District.

9. **Duration of Intergovernmental Agreement.** This Intergovernmental Agreement shall become effective upon the date of its approval by the Board of each of the parties hereto. It shall remain in effect indefinitely in full force and effect until the occurrence of either of the following events:

- a. All Taxing Districts have withdrawn as provided for in Section 8, or
- b. All Taxing Districts, or all remaining governmental units, mutually agree to terminate this Intergovernmental Agreement by joint resolution passed by the boards of the parties to the Intergovernmental Agreement.

The termination of this Intergovernmental Agreement shall not act to discharge any liability incurred by the Taxing Districts who are parties to this Intergovernmental Agreement. After the effective date of termination, the Liaison shall discharge the debts and liabilities incurred under this Intergovernmental Agreement until such time as those have been fully discharged.

# Memo

Date: 6/14/2019  
To: Commander Charles Pierce  
From: Detective David Ketelsen DK #328  
Re: Liquor License Application/ La Mesa LLC

---

The purpose of this memo is to document the background investigation of La Mesa LLC and its owner/manager, Kimberly K Lawson pursuant to the application for a new Class B liquor license. This would be for a business that's name would be La Mesa Modern Mexican, which will be located at 51 S 1<sup>st</sup> St, in St Charles. Currently this address is occupied by the restaurant Puebla Modern Mexican. This business is moving locations and should be shut down by 06/30/19.

## Applicant

Lawson, Kimberly K

- Lawson currently lives at the above address, and has resided there for the past 3 years. South Elgin PD has no negative contacts with her. Before that she lived at 1770 Cumberland Green Dr #244 in St Charles for approximately 10 years. In checking New World I did find one SCPD report from 2016 where Lawson is listed as the suspect/offender in a Battery report that showed it was exceptionally cleared. In reading the report it seems that the complainant was a former employee where Lawson was her boss. This complainant started filming Lawson with her cell phone at a local bar. Lawson saw this and swiped at the phone with her hand. See attached report.
- On 06/14/19 I spoke with Lawson and essentially learned the following.
- Lawson had been the operating manager of Puebla Modern Mexican for the past 5 years. Before that she was a manager at Pizzeria Neo located next door to Puebla Modern Mexican. She advised that these establishments had co-owners for both restaurants. Lawson said she has been in the service industry since she was 15 years old and growing up in Lake Geneva. La Mesa would be the first Restaurant that Lawson owns.

*Service, Courage, Professionalism, Dedication*

- Lawson will be involved in the day to day operations of this establishment and plans on hiring 2 other managers in the near future
- Lawson has been B.A.S.S.E.T certified since 06/08/2019. She received her certification through sellersserverclasses.com. See attached copy.
- Lawson advised the menu at La Mesa will consist of modern Mexican cuisine. See attached preliminary menu. They plan on selling beer, wine, and liquor.
- Lawson advised that she wants La Mesa to be a casual dining experience. All ages, genders, races and incomes should be considered potential customers. Lawson advised that the floor plan of this restaurant will not be changing. See attached business plan for details and drawings.
- She advised that the preliminary hours of business at this point would be from Sunday-Thursday 11:30A.M. to 9:00P.M. and Friday-Saturday 11:30A.M. to 11:00P.M. She advised the reason she is applying for the class B license (which is a 1 A.M. close time) is because sometimes La Mesa would host parties that would go a little later.
- Lawson said that she is looking to open the business in St Charles by July 15<sup>th</sup>, 2019.
- No other employees have been hired at this time.
- Lawson was previously fingerprinted on May 31<sup>st</sup>, 2019 for this application. The results of this showed no previous arrests. See attached.
- I checked Lawson in TLOxp, which is a data base used by law enforcement. It showed that she did declare Chapter 7 bankruptcy in 2016. It also showed 19 civil Judgements dating from 1994 to 1998. All of these happened in Colorado. I called Lawson and asked her about these. She said in 1994 she did live in Colorado with a boyfriend named Brian Halbert. They both had their names on the lease together. She said she left him because of his alcohol use and thought he was going to take over payments on the lease. She was back in Illinois by 1998 and was unaware of these judgements. See attached bankruptcy and judgment documents.
- Lawson provided all other documents required with her application
- Lawson was provided a packet that contained the complete liquor ordinance section for the City of St Charles.
- This concludes my background investigation. See attached application.

## **DISCLOSURE PURSUANT TO TERRORISM RISK INSURANCE ACT**

### **Terrorism Coverage and Premium**

In accordance with the federal Terrorism Risk Insurance Act (as amended "TRIA"), we are required to make coverage available under your policy for "certified acts of terrorism." The actual coverage provided by your policy(ies) will be limited by the terms, conditions, exclusions, limits, and other provisions of your policy(ies), as well as any applicable rules of law.

The portion of your premium attributable to this terrorism coverage is shown in the premium section(s) of this quote proposal or binder.

### **Definition of Certified Act of Terrorism**

A "certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in accordance with the provisions of TRIA, to be an act of terrorism under TRIA. The criteria contained in TRIA for a "certified act of terrorism" include the following:

1. The act results in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to TRIA; and
2. The act results in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of an United States mission; and
3. The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals acting as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

### **Disclosure of Federal Share of Terrorism Losses under TRIA**

The United States Department of the Treasury will reimburse insurers for 85% of insured losses that exceed the applicable insurer deductible. Effective January 1, 2016, this percentage will be reduced to 84%, effective January 1, 2017 to 83%, effective January 1, 2018 to 82%, effective January 1, 2019 to 81%, and effective January 1, 2020 to 80%.

However, if aggregate industry insured losses under TRIA exceed \$100 Billion in a calendar year, the Treasury shall not make any payment for any portion of the amount of such losses that exceeds \$100 billion. The United States government has not charged any premium for their participation in covering terrorism losses.

### **Cap on Insurer Liability for Terrorism Losses**

If aggregate industry insured losses attributable to "certified acts of terrorism" under TRIA exceed \$100 Billion in a calendar year, and we have met, or will meet, our insurer deductible under TRIA, we shall not be liable for the payment of any portion of the amount of such losses that exceed \$100 billion. In such case, your coverage for terrorism losses may be reduced on a pro-rata basis in accordance with procedures established by the Treasury, based on its estimates of aggregate industry losses and our estimate that we will exceed our insurer deductible. In accordance with the Treasury's procedures, amounts paid for losses may be subject to further adjustments based on differences between actual losses and estimates.

**Note to Producer on TRIA: The premium for terrorism coverage and the TRIA disclosures above must be provided to the insured or prospect at the time of quoting. If you are not using this quote proposal, you can use Hartford's stand-alone TRIA disclosure form for quotes and binders, which is available on the EBC or from the company.**

## **Executive Summary**

### ***The Ownership***

The company will be structured as a limited liability company (LLC).

### ***The Management***

Kimberly Lawson will be in charge, while I will have two MOD's that will be trained how the Restaurant runs if I am not there or there is an emergency. Decisions will be made by myself and Financial adviser.

### ***The Goals and Objectives***

My goal for La Mesa is to continue the outstanding customer service with ongoing employee development, The food quality will be met by High standards also. Guest service and food quality is how you impress your guests and make them regulars. I expect to set and accomplish sales goals and project a sales growth for the company in the first year.

### ***The Product***

The main product of this establishment will be Mexican food and Mexican cocktails. We will have quarterly Tequila dinners, take part in un- wind Wednesday's, And Continue with all the downtown partnership activities.

### ***The Target Market***

The target market for Casual dining industry is very broad and should incorporate all demographic regions. All ages, genders, races and incomes should be considered potential customers.

### ***Pricing Strategy***

La Mesa will focus on the setting menus prices considering cost of food, cost of labor, what the competition is doing and what our audience is willing to pay. Pricing is a task that needs to be periodically re visited. To arrive at the best possible pricing I will conduct plenty of research on food fluctuation in pricing.

**An Ordinance Amending Title 5 “Business Licenses and Regulations”, Chapter 5.16 “Tobacco”, Sections 5.16.010, 5.16.020, 5.16.030, 5.16.060, 5.16.070, 5.16.080, 5.16.090, 5.16.100, 5.16.110, 5.16.120, 5.16.130, 5.16.140, 5.16.170, and 5.16.190; as well as Amending Title 8 “Health and Safety”; Chapter 8.34 “Tobacco Regulation”, Sections 8.34.010 and 8.34.020 of the St. Charles Municipal Code**

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ST. CHARLES, KANE AND DUPAGE COUNTIES, ILLINOIS, AS FOLLOWS:**

SECTION ONE: That Title 5 “Business Licenses and Regulations”, Chapter 5.16 “Tobacco”, Section 5.16.010 “Legislative Findings and Declaration” of the St. Charles Municipal Code be and is hereby amended as the following:

- G. The enactment of this chapter directly pertains to and is in furtherance of the health, welfare and safety of the residents of the city, particularly those residents under twenty-one (21) years of age.

SECTION TWO: That Title 5 “Business Licenses and Regulations”, Chapter 5.16 “Tobacco”, Section 5.16.020 “Definitions” of the St. Charles Municipal Code, be and is hereby amended as follows:

1. “Alternative nicotine product” means a product or device not consisting of or containing tobacco that provides for the ingestion into the body of nicotine, whether by chewing, smoking, absorbing, dissolving, inhaling, snorting, sniffing, or by any other means “Alternative nicotine product” does not include: any product approved by the United States food and drug administration as a nontobacco product for sale as a tobacco cessation product, as a tobacco dependence product, or for other medical purposes, and is being marketed and sold solely for that approved purpose.
2. “Electronic Cigarette” means:
  1. any device that employs a battery or other mechanism to heat a solution or substance to produce a vapor or aerosol intended for inhalation;
  2. any cartridge or container of a solution or substance intended for use in the device.

“Electronic cigarette” includes but is not limited to, any electronic nicotine delivery system, electronic cigar, electronic cigarillo, electronic pipe, electronic hookah, vape pen, or similar product or device, and any components or parts that can be used to build the product or device.

“Electronic cigarette” does not include: any product approved by the United States Food and Drug Administration for sale as a tobacco cessation product, as a tobacco dependence product, or for other medical purposes, and is being marketed and sold solely for that

- approved purpose; any asthma inhaler prescribed by a physician for that condition and is being marketed and sold solely for that approved purpose; or any therapeutic product approved for use under the Illinois Compassionate Use of Medical Cannabis Pilot Program Act.
3. “Hookah Lounge” means an establishment where patrons share shisha (flavored tobacco) from a communal hookah or nargile which is placed at each table. Typically a disposable mouthpiece is provided for each user for hygiene reasons. Some Hookah Bars offer traditional shisha or herbal shisha (contains no tobacco/nicotine) but herbs produce tar when they burn and for the purposes of this ordinance, shall be treated the same as tobacco/alternative nicotine products in reference to their use and/or sale.
  4. “Retail tobacco dealer” means any person selling, offering for sale, exposing for sale or keeping with the intention of selling or exchanging at retail, tobacco products, alternative nicotine products or tobacco accessories in the city. “Retail” means the sale of commodities in small quantities directly to the ultimate consumer. For example: The sale of tobacco in a grocery store, convenience store, gas station, tavern, restaurant, billiard or bowling alley.
  5. “Tobacco Accessories” means cigarette papers or wrappers, pipes, holders of smoking materials of all types, cigarette rolling machines, and any other item designed primarily for the smoking or ingestion of tobacco products.
  6. “Tobacco and tobacco products” means cigarettes cigars or tobacco intended for human use, including loose tobacco, pipe tobacco, chewing tobacco and snuff.
  7. “Tobacco product sample” means a tobacco product distributed to members of the general public at no cost or at nominal cost for product promotional purposes. Examples include tobacco shop, e-cigarette shops or cigar shop.
  8. “Tobacco product sampler” means any person engaged in the business of tobacco product sampling, alternative nicotine or other than a retail tobacco dealer.
  9. “Tobacco product sampling” means the distribution of tobacco product samples to members of the general public.
  10. “Vending machine” means any mechanical, electric or electronic, self-service device which, upon insertion of money, tokens or any other form of payment, dispenses tobacco products.
  11. “Wholesale tobacco dealer” means any person making, manufacturing of jobbing cigars, or selling, offering for sale, exposing for sale, or keeping with the intention of selling or exchanging or delivering at wholesale, any tobacco, snuff, cigars, cigarettes or cigarette papers, including leaf tobacco, alternative nicotine products or any preparations containing tobacco. “Wholesale” means the sale of commodities in quantity usually for resale (as by a retail merchant); no sales directly to the ultimate consumer.

**SECTION THREE:** That Title 5 “Business Licenses and Regulations”, Chapter 5.16 “Tobacco”, Section 5.16.030 “Annual License Fee; Proration” of the St. Charles Municipal Code, be and is hereby amended as follows:

- A. It is unlawful to sell or vend through machines or to engage in other retail sales of tobacco, tobacco products, alternative nicotine products, or electronic cigarettes without having first obtained a license therefor. Applications for such licenses shall be made to the clerk; and no such license shall be issued to any person who is not a person of good character, or to any corporation that is not represented in the city by a person of good character.

B. There shall be three (3) categories of tobacco licenses:

A request was made to remove item 6.b from the omnibus vote.

**5. Finance Department**

- a. **Recommendation to approve an Ordinance providing for the issue of not to exceed \$15,700,000 General Obligation Corporate Purpose Bonds, Series 2019 for capital project purposes, authorizing the execution of a bond order and escrow agreement, providing for the levy of taxes to pay said bonds, and authorizing the sale of the series of bonds to the purchaser thereof.**

The bonds will finance anticipated capital projects that were identified in the 2019/2020 Budget which just started on May 1, 2019. The bonds include funding for the final phases of construction of the Police facility as well as evaluation of the current site and possible demolition of the existing facility. It also includes funding to continue Phase 1 of the 7<sup>th</sup> Avenue Creek Project, as well as the reconstruction of Rita and Nicholas Streets; it also includes funding for initial costs for the first phase of the Automated Utility Metering Project. The Ordinance included in the packet was prepared by the City's bond counsel Chapman and Cutler; it authorizes staff to proceed with the bond issue provided the parameters specified in the ordinance are able to be met. The ordinance authorizes the issuance of bonds but does not require the bonds to be issued in the event the parameters cannot be met or that the market conditions are not favorable. Consistent with all the general obligation bonds that the City has outstanding, we do anticipate that we would abate the tax levy applicable to the general obligation bond issue. We would make the payments on the bonds from the existing revenue stream.

Motion by Ald. Turner, Second by Ald. Bancroft to recommend the approval of an Ordinance providing for the issue of not to exceed \$15,700,000 General Obligation Corporate Purpose Bonds, Series 2019 for capital project purposes, authorizing the execution of a bond order and escrow agreement, providing for the levy of taxes to pay said bonds, and authorizing the sale of the series of bonds to the purchaser thereof.

**6. City Administrator**

**a. Request to approve funding for Pride of the Fox Festival in the amount of \$7000.**

This is a request received by the Mayor and City Administrator from the Pride of the Fox Festival. The City of St. Charles as part of the Hotel Motel Tax collects revenue and that money is redistributed in part. The municipal code defines specific organizations that that money is to be provided to and one is the Pride of the Fox. Pride of the Fox is requesting \$7,000 for a summer event taking place called Heart of the Fox. The Pride of the Fox would provide the money to Heart of the Fox for the event coming up in the next few weeks.

Motion by Ald. Bancroft, second by Ald. Vitek to recommend the request to approve funding for Pride of the Fox Festival in the amount of \$7,000.

**Roll Call:** Ayes: Vitek, Pietryla, Silkaitis, Payleitner, Lemke, Turner, Bancroft; Nays: None; Abstain: Bessner. Chairman Lewis did not vote as chair. **Motion Carried**

**b. Recommendation to approve a 1 year Agreement for Governmental Consulting with Bricor Consulting in the amount of \$28,800 for FY 2019/2020.**

This is the annual contract we have with Bricor Consulting; Karen Ramey assists us with working with State Legislatures and in some capacity on the Federal level. She has been helpful with putting us in contact with agencies and with arranging meetings with people in Springfield. Karen Ramey is our contact when reaching out to Senator DeWitte's office, or various representatives' offices. She knows the people on their staff, and is present during meetings. For instance when Metro West went to Springfield she set up meetings with elected officials in Springfield above and beyond what Metro West is able to arrange. The meetings are on a one-on-one to discuss City of St. Charles issues. Karen Ramey was also an integral part in a meeting we had with Senator DeWitte regarding the UP Railroad.

Motion by Ald. Payleitner, second by Ald. Turner to recommend the approval of a 1 year Agreement for Governmental Consulting with Bricor Consulting in the amount of \$28,800 for FY 2019/2020

**Voice Vote:** Ayes: Unanimous; Nays: None; Chairman Lewis did not vote as chair. **Motion Carried**

**7. Community and Economic Development**

**a. Plan Commission recommendation to approve an Amendment to Special Use for Planned Unit Development and PUD Preliminary Plan for East Side Retail Center, Legacy Business Center PUD.**

This property constitutes four out lots fronting on Kirk Road at Legacy Blvd., in the Legacy Business Center located on the East Side of Kirk Road. The property owner has requested approval of development of a gas station at the southeast corner of Kirk and Legacy as well as a multi-tenant shopping center on the three out lots north of Legacy Blvd. The applicant is requesting a PUD amendment to permit the gas station on that property, and an amendment to reduce the parking setback on Equity Drive. Approval of a PUD preliminary plan has been requested with site engineering and landscaping. The Plan Commission held a public hearing on April 16, 2019 and voted 9 – 0 to recommend approval subject to resolution of staff comments prior to Council action, also resolution of traffic and parking concerns discussed during the public hearing.

There are few outstanding staff comments. Revised plans have been received and are still under review, some landscaping comments and the engineering review are still outstanding. Clarification was made that this is not a truck stop size gas station; it's a typical size station. It will have a convenience center and gas pumps, no car wash. Indication was made that there has not been a traffic study done, it was not required at the outset, and the Plan Commission did not require it when it was reviewed. It was noted that the information could be provided if the Committee requests. It was further noted that the four out lots were part of the Legacy Business Park since the late 90's. Three of the four lots are conforming to what was approved at that time. It's consistent with the traffic study that was done for this entire site when it was approved.

Motion by Ald. Turner, second by Ald. Bancroft to recommend the approval of the Plan Commission recommendation to approve an Amendment to Special Use for Planned Unit Development and PUD Preliminary Plan for East Side Retail Center, Legacy Business Center PUD.

- a. Recommendation to approve an Ordinance Authorizing the Disposal of Surplus Personal Property Owned by the City of St. Charles.**

In 2017 The Fire Department received City Council approval to purchase a new fire truck, and the 1997 Fire Engine being replaced was declared as surplus. The Fire Department spent 2 years in conjunction with the Finance Department attempting to market the surplus truck. After utilizing 2 private vendors and the City's auction site, no one has shown a desire to purchase the truck due to it having 120,000 miles. The Fire

Department would like to request the approval to work with the State Fire Marshal to donate a used surplus fire truck to a department in need.

## 7. Finance Department

### a. Recommendation to approve the Amended City of St. Charles Funds Investment Policy.

The City's Investment Policy was originally implemented in 1999 as a result of the Public Funds Investment Act. Illinois compiled statutes are restrictive with respect to the investment of public funds. They not only prescribe the type of investments allowed by the City, they also specify other elements that must be incorporated into the City's investment policy. The City's Policy was recently reviewed by the Finance Director who has the authority to act as the investment manager. During the review several revisions were made as you will see in the executive summary. We added as a fifth objective the addition of legal compliance, and prioritized it as number 1. Adding this as an objective emphasizes its importance to our banking facilities, money managers and investment advisors who are entrusted with safeguarding and investing the City's funds. Other changes included minor adjustments of terms throughout the document. All changes made to the Investment Policy are in compliance with the Illinois Public Investment Act.

Motion by Ald. Stellato, second by Ald. Turner to recommend the approval of the Amended City of St. Charles Funds Investment Policy.

4. **OMNIBUS VOTE – Items with an asterisk (\*)** are considered to be routine matters and will be enacted by one motion.

**Items \*7.a, \*7.i**

Motion by Aldr. Stellato, seconded by Aldr. Lemke. No additional discussion. Approved unanimously by voice vote. **Motion carried.**

- 5.a. **Recommendation to Modify City Code with the Following Revisions to Title 5 “Business Licenses and Regulations”, Chapter 5.08 “Alcoholic Beverages”, Section 5.08.300 “Sale, Delivery, Consumption and Possession of Alcoholic Liquor on Public Property” of the St. Charles Municipal Code.**

**Chief Keegan presented.** I would like to mention that both items 5.a and 5.b were advanced forward from last week’s Liquor Commission with unanimous recommendations. This City Code prohibits alcohol consumption, possession and sale on City property or City right of ways. Currently that provision is allowed to be overwritten so long as it’s in the First Street Business District with a “B” License which is a Restaurant License, or its part of a special event which is a “P” License. With the companion agenda items this evening, the code restricts us from allowing alcohol consumption outside those areas.

City Staff drafted Ordinance modifications with the following covenants: we would open the provisions outside the two areas so long as there is a sidewalk café permit and a License Agreement. Any provisions of outside consumption would have to come to City Council via the Liquor Commission and the applicants would need a Certificate of Insurance naming the City as an additional insured.

Staff recommends approving the attached revisions to the Ordinance.

No further discussion.

Motion by Aldr. Payleitner, seconded by Aldr. Vitek. No additional discussion. Approved by voice vote. **Motion carried.**

- 5.b. **Recommendation to approve Proposal for a Site Modification for Pollyanna Brewing & Distilling, located at 106 S. Riverside Avenue, St. Charles.**

**Chief Keegan presented.** The petitioners are here this evening if you have any questions. They are seeking a modification to a previously approved Liquor License. The Code mandates that any site modifications must come before the Liquor Commissioner, which occurred last week. The depiction in your packets shows a patio structure that would encroach on the public way, still allowing ample room for ADA concerns and it would take up some landscape area that is the southwest corner of the

building. It will not encroach on any parking, it will be fenced in and all requirements are in place to move forward.

**Aldr. Turner:** Are there any plans for outdoor music; if so, does that require a separate license?

**Ryan Widner,** 2927 Culver Lane, West Chicago: We have a full stage and sound system inside, so we haven't even addressed outdoor music. Acoustic music may be considered at some point, but we would apply for whatever permit we needed to at that time.

No further discussion.

Motion by Aldr. Turner, seconded by Aldr. Payleitner. No additional discussion.  
Approved by voice vote. **Motion carried.**

**6.a. Recommendation to approve a License Agreement between the City of St. Charles and STC Riverside LLC to allow an outdoor patio on public property adjacent to 106 S. Riverside Avenue.**

**Rita Tungare presented.** This item relates to the previous two items presented by Chief Keegan. This is a License Agreement that we will enter into with Conrad Hurst, the owner of the building formerly known as Chord on Blues. This License Agreement allows the construction and maintenance of an outdoor patio in the area described by Chief Keegan, specifically the landscape island at the corner of the parking lot. To reiterate, there will be no loss of parking in that public parking lot; it will also wrap around the sidewalk of Riverside Ave.

The License Agreement allows the City the right to terminate the agreement if the patio is not maintained in good condition within 180 days of notification. If the City wishes to terminate the agreement for any other reason, we have to give 60 day notice to the property owner. I have also included provisions that would typically relate to any business owner who would request a sidewalk café permit from the City of St. Charles.

No further discussion.

Motion by Aldr. Stellato, seconded by Aldr. Bancroft. No additional discussion.  
Approved by voice vote. **Motion carried.**

**\*7.a. Recommendation to approve Construction Contract for Pavement Rejuvenation.**

Approved by Omnibus vote.

**7.b. Recommendation to award the Bid to Electric Conduit Construction for Overhead Fiber Optic Cable Installations.**

**Tom Bruhl presented.** The City received three bids for multiple overhead installations of fiber throughout the City. The low bidder was Electric Conduit Construction who installed fiber for the City from the Public Works Facility to the Dukane Drive substation last year with good results.

Staff recommends awarding the bid to Electric Conduit Construction for overhead fiber optic cable installations in the amount of \$110,511.93.

**7.c. Recommendation to award the Bid to Hooper Corporation for Rebuild of Pole Line between City Hall Substation and North 12<sup>th</sup> Street Substation.**

**Tom Bruhl presented.** The City received three bids for pole replacement of 16 rotted poles. The importance of this project is that the City has high voltage lines between the two substations and also a distribution line that serves residents in the northwest quadrant. The low bidder, MJ Electric withdrew their bid; they realized they left some things out. Hooper Corporation was the next lowest bidder; they are currently the vendor doing all of our overhead pole replacements with excellent results. The Hooper bid more closely matches our engineers estimate.

The work is going to heavily impact the rear yards of residents along the south edge of Sedgewick Circle and on the south side of Millington Way. There is a 60 ft. wide easement that we are going to use to get trucks through and a lot of those trees and vegetation are going to have to be removed.

The City has sent letters to all of those residents and has also made contact with the HOA for the townhomes on Sedgewick Circle. There are some sheds and swing sets in the easements that are probably going to have to be removed. Tree clearance is in the preliminary stage right now; the area is staked and the contractor will flag which trees are going to be removed, but they are going to wait until things dry out to minimize turf damage.

Staff recommends awarding the bid to Hooper Corporation for the rebuild of the pole line between City Hall Substation and North 12<sup>th</sup> Street Substation in the amount of \$374,692.36.

**Aldr. Turner:** Have you heard back from the neighbors after you sent the letters?

**Mr. Bruhl:** We heard from a few neighbors and we explained the extent of the work.

**Aldr. Lemke:** There is an elevation difference, correct?

**Mr. Bruhl:** Yes, that's why the project costs a little more because there is a 30 ft. drop off between the railroad tracks and the Timbers subdivision.

**Aldr. Pietryla:** Are objects on the right of way going to be relocated or are we just going to throw them out?

**Mr. Bruhl:** It will be up to the resident to relocate. They aren't supposed to build any permanent structure in the easement, but there is one shed and a couple metal swing sets.

No further discussion.

**7.d. Presentation regarding New Options Made Available by IMEA for Energy Efficiency Grants.**

**Tom Bruhl presented.** This is a brief presentation about the Energy Efficiency Grant Program that we've been running with IMEA funds. IMEA, our power provider, created an energy efficiency program back in 2011; they budget \$1m, of which we get our pro-rata share which is about \$135,000, meaning we are about 13.5% of the organization. Since 2011, the City has distributed about \$1.2m to City projects and external customers. The reduction of energy has been significant which results in about 3% of the energy we consume.

Presentation by Tom Bruhl.

**Aldr. Payleitner:** What kind of rebate will it be for air conditioners?

**Mr. Bruhl:** Between \$400-\$600, depending on the efficiency of the unit.

**Aldr. Bessner:** How does the Nest program work?

**Mr. Bruhl:** When a resident purchases a Nest thermostat, they complete a form that is available on our website, then they give us the completed form along with their receipt. Once we receive that, Utility Billing gives them a \$50 credit on their bill. At the end of the year, we sum all the credits and IMEA writes us a single check. It was a very popular program last year.

No further discussion.

**7.e. Recommendation to Waive the Formal Bid Procedure and Allow the Inventory Control Division to Purchase Wood Line Poles on an As-Needed Basis for FY 2019/2020.**

**Tom Bruhl presented.** The City is estimating to spend approximately \$78,285 throughout the year on Wood Line Poles. We have selected the low price vendor, but Inventory Control doesn't have ample storage space so we have to purchase them on an as needed basis.

No further discussion.

Motion by Aldr. Turner, seconded by Aldr. Bessner. No additional discussion. Approved by voice vote. **Motion carried.**

**7.f. Recommendation to approve Contract Extension for Water, Sanitary Sewer and Storm Sewer Underground Point Repairs.**

**Tim Wilson presented.** Last year the City received three bids for this work; Mid America Underground was the low cost vendor and they performed well. Staff had a discussion with them and asked if they would be interested in extending their contract an additional year; they agreed to hold all unit pricing except for union staff, there was an increase of 3% that was applied to comply with prevailing wage and union contract laws. The awarded bid is based on unit and hourly costs for these typical types of repairs and is reasonably priced compared to prior years.

Staff recommends awarding the bid extension for water, sanitary sewer and storm sewer point repairs to Mid America Underground for a one year period beginning May 1, 2019 through April 30, 2020 in an amount not to exceed \$610,000.

**Aldr. Turner:** Are these repairs all over the City or are they in one specific area?

**Mr. Wilson:** The repairs are all over the City and this contract is based off work orders that we assign to the contractor.

No further discussion.

**7.g. Recommendation to approve Tenth Street Water Tower Painting Logo Design Selection.**

**Tim Wilson presented.** Previously we have asked for the Committee's opinion in regard to the logo for the other water towers. This time we are going to be making a recommendation for a logo which is based on the size of the Tenth Street Water Tower,

which is located at Rt. 64 and Tenth Street by Thompson Middle School. The timeline for this painting project is approximately late fall.

Staff is making a final recommendation to approve Option 1.

**Aldr. Turner:** Why are you recommending this option?

**Mr. Wilson:** Our recommendation is because of the size of the water tower; it is much smaller than the Campton Hills and Red Gate Water Towers with a limited amount of space.

**Chairman Silkaitis:** All we are approving tonight is the logo?

**Mr. Wilson:** Correct.

No further discussion.

Approved unanimously by one voice vote for Option 1. **Motion carried.**

**7.h. Recommendation to award the Bid for Sanitary Manhole Rehabilitation.**

**Tim Wilson presented.** This is Phase 3 of the Capacity, Management, Operation and Maintenance (CMOM) Program. The overall intention of this program is to reduce infiltration into the sanitary system. Work is in the SC02 and WOR West Basins; maps are included in your packet.

On May 3, Staff opened five bid proposals; during review of the bids, it was determined that the low bidder, Front Range Environmental did not meet performance standards. Therefore, Staff is moving forward with the second lowest bid from RMS Utility Service. RMS meets all the required reference checks, product specs and bid requirements.

Staff recommends awarding the bid to RMS Utility Services for the 2019 Manhole Rehabilitation in the amount of \$319,326.

**Aldr. Turner:** You had all these studies done on the sewers; are we actually starting work on the sewers yet?

**Mr. Wilson:** Yes, we are. Approximately one year ago City Council approved a lining proposal for the SC02 basin. Later this year, we are going back to that location to do additional lining work in addition to this manhole lining. After this contract, we are moving forward with the Phase 3 work that the study has identified.

**Aldr. Turner:** The first phase you identified had a lot of problems; do you know when that will be completed?

**Mr. Wilson:** Once this manhole lining work is completed, we have another one projected for the following year, so we are moving ahead with getting most of the areas completed. We will keep on studying the areas as we move throughout the community.

No further discussion.

**4. COMMUNITY & ECONOMIC DEVELOPMENT**

- b. Presentation of a Concept Plan for Pride Gas Station, southeast corner of Kirk Rd. and E. Main St.

Ms. Johnson introduced Dan Soltis of CIMA Developers and noted that Plan Commission reviewed the plan on June 4 and that discussion is summarized in the executive summary.

Dan Soltis-CIMA Developers-30W180 Butterfield Rd.-Warrenville-gave a brief history of his family owned company and stated that this location would be their 16<sup>th</sup> site; as well as Randall Plaza and 93 Octane Brewery. He said this has been a difficult site to develop in the past; he then showed a PowerPoint presentation with the following details:

- 4,500 sq. ft. convenient store
- 1,900 sq. ft. quick queuing carwash with dual lanes, that funnels to 1.
- Right in/right out access off Main St.-IDOT has been contacted and plans submitted.

He noted that they are working with staff to potentially flip-flop the entrance and exit of the carwash; as well as adjusting some of the landscape area, and bumping the carwash a bit to the south. He noted that those plans are in now in progress.

He said they have a reciprocal easement agreement with Main St. Commons to the south to have cross-access to the south and east, and are proposing 2 signage easements; as well as a design for a

preliminary detention to incorporate the current pond, as well as creating a new detention area to have 1/2 the site drain into the pond and 1/2 into the new area; and parking more than meets code.

Chair Payleitner noted that staff was looking for comments regarding land use, site layout and access, and whether a PUD is appropriate.

Aldr. Lewis said she appreciates that it's a difficult property to develop but she has concerns with the land use; she thinks this property needs to be a destination business, versus an impulse business; because of the right-in/right-out, and the access from Kirk Rd. coming into the middle of the shopping center. She noted that she travels that area frequently and can never make a left hand turn into the shopping center, and it's very hard to get out of there as well to make a right turn with the oncoming traffic. Traffic is a concern and she's not comfortable with the land use.

Aldr. Bessner asked if there is no way in or out off Rt. 64 or Kirk Rd. where the gas pumps would be. Mr. Soltis said they attempted to contact Kane County DOT, they put their traffic study together 6-7 months ago and it was unsuccessful. Aldr. Bessner he's not completely against it but it does seem tough for people to get gas, to have to come around to get into the corner lot. Aldr. Lewis noted that we want this to be successful; but there have been areas on the west side of town that didn't have in/out access and are no longer open because people could not get to them. Mr. Soltis said we did the traffic study and are very comfortable with the layout and cross-access. He noted that they were only looking for a right-in off Kirk Rd. but they feels this will be sufficient, especially if they're able to get some signage there.

Aldr. Pietryla said he shares some of the thoughts of his colleagues; it's not the first thing he envisions there but he appreciates that it's a difficult site. He asked if you can turn left on the east side where it comes onto the street, to hit Rt. 64 from the parcel, and he wondered if people could try to skip the light by cutting through the site. Mr. Soltis noted that they are possibly going to flip-flop the entrance and exit, but they want to keep the queuing for the car wash closest to the pumps, and they didn't see a concern with that. Mr. Soltis noted that the traffic study will be updated as they move forward.

Aldr. Vitek said she likes it and this piece of land has been unoccupied for quite some time and with some of the commercial use behind it she doesn't feel it's a bad use of space. She does agree with some of the Plan Commission comments; there are some tricky points there but she uses Rt. 64 a lot, and once heading east after passing Kirk there are not many options for gas/snacks. Mr. Soltis said that has been the consensus with their feasibility studies; there is a need for it.

Aldr. Bancroft said he agrees with Aldr. Vitek and he sees they're working really hard to make the site work, which hasn't worked for anything else ever. He said there is access issues, but the prominence of the corner overcomes a lot, but it's a tough site, with a tough business to run on that site.

Chair Payleitner noted that this is the first concept plan received for this site.

Aldr. Turner said he doesn't know what could go there as a destination business given the site limitations, and we have heard for years that the east side needs more gas stations; there's very little competition out there compared to the west side; even the price of gas is a difference of 30 cents between the east and west side, and he's all for this.

Aldr. Lemke said seeing the traffic study, in terms of volume, will help him before he commits to it; and in terms of historic preservation, if there's any possibility of moving the house; put it up for sale.

Aldr. Silkaitis said he'd like to see the traffic study, and he noted that the city will not pay for the sidewalk; the developer will. Mr. Soltis noted that they are on record for that request from the city; its 700 linear ft. of sidewalk that is proposed on this and if the sidewalk is required and we are on record for the city to give relief for that; we stay on record for that. The site is very expensive to develop with the stormwater and retaining walls. Aldr. Silkaitis said he will not support it if the city is going to pay for it.

Aldr. Stellato said this site should have been developed 25 years ago with the rest of the property. It was due to the preservation of the barn, which never happened, and we could not get a right-in/right-out off Kirk Rd.; those 2 things still exist to this day. He doesn't know what land use it should have, but he doesn't know what the other option is, he can't think of another destination to put there at this point due to the obstacles. It's not perfect but the developers done a good job to this point to get something in there; but he would like to see the traffic study. Aldr. Silkaitis also noted that ownership was also the obstacle.

Mr. Soltis noted that the architecture would include both barn and metal features to incorporate some of the current structures. Aldr. Lewis said she likes that, and wondered if the station would service trucks for gas. Mr. Soltis said no, there will be 3+1 pumps that have gas and diesel for small trucks; not semi's.

Aldr. Bancroft said it sits there today with all its issues and he's not sure what else to put there.

Chair Payleitner said she hears Aldr. Lewis's point as far as a destination, with the driveway coming in and staying and leaving; she doesn't see an issue with that, that's an option; but she's not sure that a 24-7 gas station is the best use for our entry into the city; she doesn't see it. She thinks it's too much on too little of space; it is a gateway and the backside of the business faces Main St. Mr. Soltis said correct, the front door would be on the southwest corner, but the elevation would have windows, but yes, it does face south. Chair Payleitner said that doesn't go well with her vision of the entrance to town, but she noted that she is a big Pride fan, and she has checked out previous properties and she feels there more spacious, not as jam packed as this one. She asked if they're jamming 4 businesses there to get their money out of the land purchase price. Mr. Soltis said he doesn't feel they're "jamming" it, it's pretty typical of what they have; some sites are larger lots, but we did actually scale this down. Chair Payleitner said the stacking for the carwash is not our code, per say, with the 2 lanes. Mr. Soltis said he did read that in the code, but it's a quick queuing, every 20 seconds the cars are going through, as opposed to the other location that's every 6 minutes. He recommended the committee checking out their new Naperville location at North Aurora Rd. and Raymond.

c. Presentation of a Concept Plan for Prairie Place Lofts, Lot 702 of the Pheasant Run Crossing Subdivision.

Ms. Johnson introduced representatives of the applicant-Nick Varchetto and Dan Marshall- and noted that Plan Commission reviewed the plan on June 4 and their feedback is summarized in the executive summary.

Nick Varchetto-27W321 Providence Lane-Winfield-Engineering Resource Associates-gave a brief history of the company 3KB Enterprises LLC, he then showed a PowerPoint presentation with the following details:

- Three Residential Apartments
  - Two 24-unit Apartments
  - One 18-unit Apartment
- 2 Bedroom / 2 Bath (48 units)
- 1 Bedroom / 1 Bath (18 units)
- 66 Total Units
- Courtyard and Open Space

Mr. Varchetto noted that the Plan Commission comments included wanting site amenities; he noted that although the plans do not show it, there will be a gazebo for the residents.

He stated that the floor plans for the larger units would have balconies and 2 entrances, each unit will have a balcony. He noted some Plan Commissioners had concerns about the balconies, but he does want to push for those and suggested maybe putting something in the HOA to keep those clean.

He said the architecture will consist of masonry buildings with 2 entrances and 3 stories.

He noted that Plan Commission had concerns that the development only has 1 access point at this time, but they are hoping to have a conversation with Volkswagen to hopefully get an emergency access point to their lot. That access point would be gated at all times, except for potential fire use. He said they are also looking into the unincorporated area to the west because if that were ever developed, this property would then need to have some sort of covenant stating that it would require access through our property as well. He also noted that they now realize the site will probably require a PUD.

Aldr. Lewis said her concern is not having another exit and she'd like to see a concept plan that actually shows 2 exits. Mr. Varchetto said he agrees totally, the Plan Commission expressed that this will be a difficult lot to develop since it is a flag lot. Aldr. Lewis asked where the current entrance is. Mr. Varchetto said at the Silverado entrance and around the side aisle of the Silverado property; as of now we have not reached out to the Volkswagen dealership yet, but there is an aisle on their back end that could potentially be used with an access gate that would be closed 99% of the time, except for a fire exit. Aldr. Lewis said she'd like to see a concept plan that includes that.

Aldr. Bessner said he'd like to see more landscaping detail, to be more attractive. Mr. Varchetto said there is currently a berm between the dealership lot and the property; we haven't done the landscape plan yet but we will have landscaping to the full extent of the city Ordinance, as long as committee agrees this is a reasonable use for this property.

Aldr. Pietryla said the buildings look nice but he concurs with the Plan Commission for additional access and additional amenities.

Aldr. Vitek said she also feels the Plan Commission comments are valid and she is familiar with the architects work and really likes it, it incorporates some of the downtown feel, but yet keeps the character.

Aldr. Bancroft said he also agrees with all comments made, the use is fine, he would do a PUD, and he feels the architecture is great, but the access issue needs to be dealt with. He noted that there's a variety of examples of how the chaining off can be done; it has some precedence here to do that. He said they're going to need more than a gazebo to make it a success, he suggested spending time to think about the target market and the amenities.

Aldr. Turner also agreed with previous comments made, he thinks it's a great use for that land, he'd do a PUD, he asked who owns the unincorporated area. Mr. Colby said he thinks it's Barbara Petkus.

Aldr. Lemke suggested gaining access through the Hilton Garden Inn parcel. He asked for clarification on the floor plan. Dan Marshall-Marshall Architects-812 E. Main St. said there would be concrete block walls to be very soundproof between units; they are masonry contractors, they may not actually be firewalls, they are more of a sound barrier and will prevent fires and the spread of fires. Aldr. Lemke said you can't do retail on that site, there's no visibility.

Aldr. Silkaitis said it's an interesting lot; he doesn't have a problem with apartments being there. The access bothers him as well and he would like to see a more informative concept plan come back to Committee.

Aldr. Stellato said he's looking forward to the next step, but the access is obviously a problem.

Chair Payleitner said the access is big; there are a lot of options there worth investigating. Being adjacent to residential already she feels the land use is a good one.

Robert Kalima-629 Pheasant Trail-said he's 60-100ft. off the southeast corner of the smaller of the 3 buildings in the townhomes. The developer for his subdivision didn't create any parks for the kids and he suggested maybe an area with this proposed development for some land/parks for the kids; rather than just a parking lot. Chair Payleitner asked if there were any requirements on the property. Ms. Johnson said they are proposing a cash contribution that has been forwarded to the Park dist. for their review; staff hasn't received any comments yet.

Aldr. Lewis asked if there will be grass anywhere. Mr. Varchetto said they do not have a landscape plan yet, but all open areas will be grass with a 5ft. sidewalk around all the buildings, entrances in the back will also have sidewalks down the center. Plan Commission suggested wrapping a sidewalk around the pond for a bike trail to give another amenity. We only own a certain portion of that so we'd have to talk to the townhome development; we will be in discussion with them regarding this project. Aldr. Lewis said Mr. Kalima makes a good point; the kids need a place to play where they live. Mr. Varchetto added that the demographic they're looking for is 20-35 years old, in a transitional state and young professionals; those not quite ready to buy a home or townhome.

d. Consideration of a request to amend the Natural Area Easement at 2905 Glenbriar Drive.

Ms. Tungare said this property is located within the Woods of Fox Glen; resident-Emir Abinon is requesting to place a fence in his rear yard to fence in a pool. The rear yards within this subdivision have a natural area easement, for the subject property the easement is 40ft.; which is made up of some grass area and some wooded area. She noted the updated hand-out information that was provided to the Committee which she received from the Mr. Abinon; which is a different plan than was in the packet. The original plan showed the fence encroaching on the entire tree conservation natural area; the revised plan shows the fence restricted to only the grass area within the easement. An amendment is needed because the natural area easement restricts any structure from being placed within it. A certified arborist has stated that there would not be any disturbances to the vegetation. Staff requested that Mr. Abinon provide an opinion from the HOA, which he did and it states they will defer to the city for approval before taking a final vote; however they did not state any objection at this point to the request.

Ms. Tungare noted that staff periodically gets this type of request from residents within this subdivision; this natural area easement was established in 1988 and over time the vegetation changes. She noted that staff has not conducted a complete comprehensive assessment of the quality of the vegetation, but wanted the committee's thoughts on staff approaching the HOA to see if they have an interest to loosen up those regulations, or modifying the natural easement for the entire subdivision.

**Aldr. Pietryla made a motion to approve the request to amend the Natural Area Easement at 2905 Glenbriar Drive. Seconded by Aldr. Vitek. Approved unanimously by voice vote. Motion carried 9-0.**

Aldr. Stellato said he feels it's always good to engage the HOA. Mr. Turner said over 25-30 years things change and it should be talked about. Committee agreed.

e. Plan Commission recommendation to approve a Special Use for Animal Hospital for VetIQ, Meijer PUD.

Ms. Johnson said the clinic would occupy about 860 sq. ft. at the southeast corner of the building and would have its own exterior access. Services include: dog/cat vaccines, microchip, lab work, routine care and treatment of minor illness. Plan Commission held a public hearing on May 21<sup>st</sup> and voted 7-0 to recommend approval.

Chad Longston-923 S. Ridgeway Place-Eagle, ID-clarified that there would not be access from the interior; there will be an interior door for employees only. Customers have to access from the exterior; there are no animals allowed in the store; it's completely walled off.

**Aldr. Silkaitis made a motion to approve a special use for an Animal Hospital for VetIQ, Meijer PUD. Seconded by Aldr. Vitek. Approved unanimously by voice vote. Motion carried 9-0.**

- f. Recommendation to approve Amendments to Title 18 – Stormwater Management Ordinance (adoption of 2019 revisions to the Kane County Stormwater Ordinance and related city amendments).

Ms. Hawk noted that this was a follow-up from December, 2018; she then shared a PowerPoint presentation:

**Background:**

- Mandatory County-wide SMO effective in 2002
- Certified Community since 2002
- City amendments – Title 18
- Exempt Developments
- Exempt vs. grandfathered

**County Ordinance Revision process:**

- P&D feedback submitted to Kane County
- Public Adoption Process
  - 30-day Public Review and Comment
  - FEMA & IDNR review
- Kane County revised ordinance - June 2019

**Major Changes to the County Ordinance:**

- Detention Trigger
- Redevelopment
  - Credit for Removal of Impervious Area
- Best Management Practices (BMPs)
- Discharge – impacts on downstream
- Floodway – rebuilding
- Floodplain – Substantial Improvement/Damage
- Buffers

**Follow up on P&D's Feedback:**

- Redevelopment
  - County ordinance goal – promote redevelopment
  - Demonstrate No adverse impacts on neighbors
- Credit for removal of impervious surface
  - No Detention required if reducing impervious
  - Existing detention to be preserved
  - BMPs may still be required, if:
    - Known drainage issues
    - Greater than 3-acres
- “In-Fill” Redevelopment less than 3-acres
  - No detention / No BMP's - if reducing impervious (unless drainage issues)
  - Discharge directly to river/stream

**City Amendments:**

- References County Ordinance
- Administrative and Technical in nature
- Change in “Administrator” of the ordinance (From PW director to City Administrator)
- Simplify Fence regulations
- Exempt Developments list
  - Expiration date-staff recommends December 31, 2020 for these exemptions. Unless an extension is granted by the City Council.

**Aldr. Turner made a motion to approve Amendments to Title 18 – Stormwater Management Ordinance (adoption of 2019 revisions to the Kane County Stormwater Ordinance and related city amendments). Seconded by Aldr. Vitek. Approved unanimously by voice vote. Motion carried 9-0.**

- g. Plan Commission recommendation to approve a General Amendment to Title 17 of the St. Charles Municipal Code (Zoning Ordinance) pertaining to swimming pool regulations.

Ms. Johnson said staff is proposing these amendments because the existing zoning provisions for swimming pools and pool decks are unclear and incomplete. The proposed amendment will clarify requirements and establish standards that minimize impacts on neighboring properties. The following amendments include:

- Add definitions of “Swimming Pool” and “Swimming Pool Deck”.
- Allow swimming pools and pool decks up to 10 ft. from the rear and interior side lot lines.
- Require 6 ft. screening when a pool is placed in the rear yard of a corner lot that is adjacent to a neighbor’s front or interior side yard.

Plan Commission held a public hearing on 6/4/19 and voted 7-0 to recommend approval of the General Amendment as presented.

Aldr. Lewis asked what is currently allowed. Ms. Johnson said currently it’s prohibited in the front and exterior side yard with setback requirements in a couple different places. In the permit packet it states a 5ft. setback for a pool, and the zoning is unclear; but staff’s been enforcing a 5ft. setback.

Aldr. Vitek said this was brought up from a resident from her ward and she appreciates staff taking a look at it and it cleans it up a bit and makes happy neighbors.

**Aldr. Bancroft made a motion to approve a General Amendment to Title 17 of the St. Charles Municipal Code (Zoning Ordinance) pertaining to swimming pool regulations. Seconded by Aldr. Stellato. Approved unanimously by voice vote. Motion carried 9-0**

- h. Plan Commission recommendation to approve a General Amendment to Title 17 of the St. Charles Municipal Code (Zoning Ordinance) regarding design review standards and guidelines for the RT and CBD-2 zoning districts.

Ms. Johnson said this is a follow up item; discussion occurred after the Plan Commission heard an appeal request regarding design standards applicable to a container home. In August, 2017 Plan Commission discussed existing RT Design Standards and Guidelines and suggested revising those to require traditional architecture, as well as requiring non-traditional architecture in these districts to be reviewed by Plan Commission. Subsequently the P&D Committee discussed this and determined there was not support for requiring traditional style architecture, or establishing an additional review process. Staff was directed to leave the code as is but to add clarification to the existing requirements. The proposed standards and guidelines are in keeping with staff’s interpretation of the code over the years

and staff believes these changes will be clearer for applicants and help to avoid future appeals. Plan Commission held a public hearing on 4/2/19 and voted 8-0 to recommend approval.

Aldr. Turner asked if that means there will be anymore container homes in our traditional neighborhoods. Ms. Johnson said we're not prohibiting them; the guideline that stated to avoid flat roofs did not have support by Committee and was removed. It states that roof style shall be compatible with the style of the home; there also are not any material restrictions added, and containers are not restricted as a material, based on the direction received.

Ms. Johnson noted that these guidelines are attached to the permit packet for new single-family homes; staff then does a design review once plans are submitted.

**Aldr. Stellato made a motion to approve a General Amendment to Title 17 of the St. Charles Municipal Code (Zoning Ordinance) regarding Design Review Standards and Guidelines for the RT and CBD-2 zoning districts. Seconded by Aldr. Pietryla. Approved unanimously by voice vote. Motion carried 9-0**

- i. Historic Preservation Commission recommendation to approve a Residential Façade Improvement Grant for 117 N. 5<sup>th</sup> Ave.

Mr. Colby said this grant is to replace windows with architecturally appropriate replacement windows, there's a quote that's been provided; this has been reviewed by the Historic Pres. Commission and they recommend approval of \$5,000, which is the maximum grant available for a residential property.

**Aldr. Turner made a motion to approve a Residential Façade Improvement Grant for 117 N. 5<sup>th</sup> Ave. Seconded by Aldr. Bancroft. Approved unanimously by voice vote. Motion carried 9-0.**

**5. ADDITIONAL BUSINESS - None**

**6. EXECUTIVE SESSION - None**

**7. ADDITIONAL ITEMS FROM MAYOR, COUNCIL, STAFF OR CITIZENS- None**

**8. ADJOURNMENT- Motion was made and seconded to adjourn at 8:07 pm. Approved unanimously by voice vote. Motion Carried 9-0**
