APPLICATION FOR A VARIATION

PLEASE PRINT AND PROVIDE ALL INFORMATION AS REQUESTED.

APPLICANT & OWNER:

Name of Applicant* Kevin Staton Phone 630-674-6951
Address/City/State/Zip 97 E. Richard, Oswego, IL. 60543
Applicant's interest in the property Developer
Name and Phone of Owner(s) of Record* Beverly Staton 630-674-6951

Applicant is (check one) Attorney Agent Owner Other: _____
Owner acquired the property on (date): ~~unknown~~ - November 30, 2011 per Mr. Trippe 3/1/2012

ADDRESS, USE & ZONING OF PROPERTY:

Address of Property (attach legal description) ~~per Mr. Trippe 3/1/2012~~ South 14th Street, St. Charles, IL.
Present Use (commercial, industrial, residential, etc.) vacant
Zoning District RM-3

To your knowledge, have any previous applications for variations been filed in connection with this property? No

If YES, provide relevant information _____

ACTION BY APPLICANT ON PROPERTY:

Permit applied for and denied? (yes or no) No

An Appeal was made with respect to this property? (yes or no) No

Appeal Application File Number _____

Appeal approved? (yes or no) _____

Appeal Application accompanies this request for variation? (yes or no) _____

*In the event that the applicant or owner is a trustee of a land trust or beneficiary of a land trust, a statement identifying each beneficiary by name and address of such land trust and defining his/her interest therein must be attached hereto. Such statement shall be verified by the trustee of such trust.

REASON FOR REQUEST:

- A. Variation requested (state specific measurements) A reduction of the 30' landscape buffer between RM-3 and RT-2 districts to 12'-1" to the north & 16'-8" to the south. A reduction of 17'-10" and 13'-4" respectively See attached 3A
- B. Reason for request to provide adequate parking, per the Zoning Ordinance, for the proposed apartment development
- C. Explanation of purpose for which property will be used to provide nine apartments

ACTION BY APPLICANT ON PROPERTY:

- A. What physical characteristics would prevent the property from being used in conformity with the requirements of the zoning ordinance? The property dimensions, it is almost square, do not allow for the building and it's required parking within the setbacks, landscape buffer, prescribed by Code
- B. Are the conditions stated above applicable to other properties within the same zoning classification? (explain) Yes, all properties to the north and south that face 14th Street do not have the prescribed landscape buffer
- C. Is the purpose of the proposed variation based on more than a desire to make money from the property? (explain) the variance is required to provide Code compliant parking for the 9 apartments.
- D. Has the alleged difficulty or hardship been created by any person presently having an interest in the property? (explain) No the hardship is a result of the property dimensions which were established prior to 1920 and Zoning restrictions placed on the parcel at later dates.
- E. Based on your answers to the preceding questions, check the box that you believe most accurately states your position with regard to the property if the property is permitted to be used only under the conditions allowed by regulations in the zoning district. Explain the basis for your answer:
 - Cannot yield a reasonable return _____
 - Is greatly reduced in value _____
 - The owner is deprived of all reasonable use of the property due to the reduced number of parking spaces he would be able to provide

HARMONY WITH GENERAL PURPOSE AND INTENT:

- A. Will the proposed variation alter the essential character of the property? (explain) No
All of the properties west of the alley provide no landscape buffer to the properties east of the alley. Our proposed development would in fact, be an improvement over the existing conditions and enhance the neighborhood

Commencing at a point 12-feet 2-inches west and 6-feet south of the northeast lot corner heading in a southerly direction for a distance of 20-feet to allow a 17-foot 10-inch landscape buffer setback variation for the installation of off-street parking stalls, and commencing at a point approximately 16-feet 6-inches west and 50-feet south of the northeast lot corner heading in a southerly direction for a distance of 86-feet to allow 13-feet 4-inch landscape buffer setback variation for the installation of off-street parking stalls.

- B. Will the proposed variation be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located? (explain) No. We will provide landscape buffers of 12' to the north and 16'-8" at the center and south. This is more than any other property west of the alley.
- C. Will the proposed variation(s) impair an adequate supply of light and air to adjacent property, or substantially increase the danger of fire, or otherwise endanger the public safety, or substantially diminish or impair property values within the neighborhood? (explain) No. The requested variance will not affect light and air supplies to adjacent properties or increase the danger of fire or otherwise endanger public safety. Nor will it diminish or impair property values in the neighborhood.

ATTACHMENTS REQUIRED:

- A. One (1) copy of a plat of survey or plot plan (to scale) of the property showing dimensions of all lot lines, existing and proposed structures and distances from lot lines, easements and adjoining streets or uses.
- B. A written certified list containing the registered owners, their mailing addresses and tax parcel numbers as recorded in the Office of the Recorder of Deeds in the county in which the property is located and as appears from the authentic tax records of such county, of all property within 250 feet in each direction of the location for which the variation is requested, proved all the number of feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement. The Kane County Recorder of Deeds is located in the Kane County Government Center, 719 Batavia Avenue, Geneva.
- C. Filing fee in the amount of **\$300.00** must be rendered at the time the application is submitted. If payment is made by check, it should be made payable to the City of St. Charles.
- D. Reimbursement to the City of miscellaneous fees is as follows: **Review hours by Building and Code Enforcement Division Manager, Publication of legal notice; court reporter and transcript fees; mailing (postage) costs.** The reimbursement of these miscellaneous fees *must be paid prior to issuance of any permit* in connection with the requested action.
- E. Letter of authorization from the property owner as to the request for the zoning variation must be included, if such authorization is applicable.
- F. Disclosure of beneficiaries of a land trust must be included, if applicable.
- G. A variation shall lapse after twelve months from the date of grant thereof unless construction authorized is commenced on a building permit for the use specified by the variation within twelve months, or the use in commenced within such period.

I (we) certify that all of the above statements and the statements contained in any documents submitted herewith are true to the best of my (our) knowledge and belief.
