Executive Summary:

The City has worked with B&L Landscape for a number of years. When landscape damage occurs due to utility work, restoration to a condition as close as possible to the pre-existing condition is very important. Over the years, we have tried other landscaping companies with less than favorable results. Other companies were not less expensive, while customer service was not as good. B&L has been the best landscaping vendor we have worked with in terms of making residents and business owners satisfied with the repairs they perform. B&L has proven to be competitive and has offered to hold their prices.
