If NO, please explain how item will be funded:

Executive Summary:

At the February committee meeting staff was asked to prepare cost estimates for the two concept alternatives for slowing traffic at the intersection of Madison Ave and Tyler Rd. The estimates follow-

Concept alternative 1. Estimate for bump out curbs at Tyler Rd and Madison Ave. is \$25,000. For the additional bump out curbs at Madison Ave and Independence Ave the estimate is \$25,000. For your information, these costs are contractual (out of house) estimates.

Concept alternative 2. Estimate for channelizers at Madison Ave. and Tyler Rd. is \$1,200.

Attachments: *(please list)*

Copy of the concept alternatives

Recommendation / Suggested Action *(briefly explain):*
