Executive Summary:												
<p>In June 2013, the City was successfully awarded a Kane County Community Development Grant for the amount not to exceed \$100,000 to be used for the reconstruction of the southern half of North 15th Street. As presented at the January 28, 2013 Government Services Committee meeting, the Kane County Community Development Fund grant monies would be used for Phase 2 of the infrastructure and roadway improvement project on North 15 St. between IL Route 64 and Dean St. This roadway, which is a heavily traveled corridor, requires water, storm and roadway improvements. This project was designed to be constructed over a two year period (2012 - 2013). The first phase of the project was successfully completed in October, 2012. The first phase of construction was also funded utilizing the same Kane County Community Development grant monies.</p> <p>The Phase 2 project limits are from West Main Street to approximately one-hundred feet north of Brook Street, including Brook Street as well. On September 12, 2013 at 10:00 AM, sealed bids for the North 15th Street Reconstruction Project – Phase 2, were publicly opened and read aloud. The results of the bid opening are as follows:</p> <p>Engineer's Estimate: \$450,670</p> <p><u>Bid Results:</u></p> <table border="0"> <tr> <td>1.
