Advanced Disposal Proposal								
Recommendation / Suggested Action <i>(briefly explain):</i>								
Recommendation to approve Advanced Disposal proposal for Spring Clean Up in the amount of \$90,000.00 for 300 tons and \$50/ton over 300 tons and a Resolution authorizing the Mayor and Clerk to execute on behalf of the City of St. Charles.								
<i>For office use only:</i>		<i>Agenda Item Number: 5.h</i>						

March 13, 2014

Mr. John Lamb
City of St Charles

Dear John,

Advanced Disposal Services will be happy to provide service for the 2014 Spring Clean Up. We will divide the pick up into two dates. Clean up on the East side will be done on Saturday May 3rd & the West side will be done on Saturday May 17th.

The clean up in 2009 generated just under 300 tons of material and the 2012 clean up generated 208 tons of material. Since there was not a clean up in 2013 you should expect an increase in volume. For 2014 we are offering a flat rate of \$90,000 for 300 tons of material. If we collect more than 300 tons, we will bill the city at \$50 per ton.

We can discuss the parameters of the debris and other specifics once a decision has been made.

Thank you for the opportunity,

Elyse Kowal
Advanced Disposal Services
