Executive Summary:

Purchasing went out for bids for overhead contractors. Two bidders submitted pricing. The lowest hourly rate was submitted by PieperLine Line Construction. PieperLine performed work for the City in 2012 and 2013, and we were very satisfied with both their quality and their efficiency.

Rebuilding some of the old overhead systems is a big piece of our strategy to improving electric reliability. PieperLine will supplement our effort by being assigned projects to which they are better suited than City staff. Their proposal also satisfies our need to have set contractor pricing if their services were needed to restore electric service after a major storm event.
