**Executive Summary:**

The Public Works Department has been receiving some recent complaints from our customers in regard to the placement of yard waste on the public right of way. The current Municipal Code does not clearly specify that yard waste shall be placed “adjacent to” and on the address side of the property from where the yard waste is from. Several residents gather yard waste from their property; then place their yard waste in front of a neighbor’s property to be collected. The suggested modification in the Municipal Code will help staff to monitor the situation and take necessary action if needed.
